TATACHILLA
lutheran college

Term 3 | Week 2 | Friday 3 August 2018

from the **PRINCIPAL**

TEACHERS AS LEARNERS

The preamble for the College Learning Principles states that:

Professionally, we seek to refine teaching and learning through the adoption of researched strategies and reflective practice, with an understanding that teaching is a process of shared learning. We recognise that learning is a primary purpose of the College and that all members of the College are involved in learning. All activities in the College contribute to a love of life-long learning and the development of the skills and talents of each learner.

The first day of this term saw our staff gather to develop a deeper understanding of concept-based learning which built on the staff professional learning days early in Term 2. This in itself is important – coming back to previous learning to build on and develop a deeper understanding for further growth. The nature of the time given for discussions, planning, collaboration and reflection allows our staff to critically and creatively think about changes to teaching and learning for the benefit of students.

We deeply appreciate that such days impact on families and use this time wisely and proactively to ensure that they will have a lasting and real impact on student outcomes.

You can view our full list of Learning Principles on our website: <https://www.tatachilla.sa.edu.au/learning>

When we have Professional Development days, such as the first day of this term, we undertake these as learners. As teaching and support staff we recognise that we are also students of the world in which we live and that learning is a continual process. We acknowledge that learning is a lifelong process and that it does not just occur when we are a student at school or at university or in an apprenticeship. We continue to develop, grow, change and be transformed as we move through our whole lives.

from the **PRINCIPAL cont...**

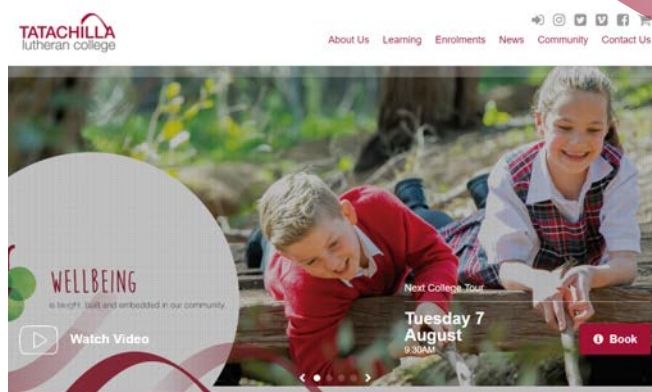

LOOKING BEYOND TO 2019

Recently we launched our Academic Scholarship program, which provides for new opportunities for our students to gain recognition for their academic abilities through a formal scholarship program.

Applications for 2019 are currently open to all current Year 6, Year 9 and Year 10 students. If your child is in one of these year levels, you are strongly encouraged to visit our website to read further information about the opportunity and the application process. <https://www.tatachilla.sa.edu.au/enrolments/scholarships>

In looking ahead to next year, processes are already underway for many students. Our new Online Curriculum Guide was recently launched, students and parents have attended the Subject Information Evening and Course Counselling will shortly commence for our students in the Middle and Senior Schools.

A reminder that students not returning in 2019 are required to give a minimum of one term's notice in writing. If you are aware of any transitions for your child, please ensure you are communicating this to the College by the end of Term 3 to avoid financial penalties.

Our website continues to be a major source of information for students and families. If you are seeking information about programs and events we encourage you to visit the website for this information. Please provide feedback if there is information you would like to see added in the future.

God bless.

Mr Cain McDonald
PRINCIPAL

NATIONAL TREE DAYS 2018

During Week 8 of Term 2, the Junior School participated in the National Tree Planting Day for Schools, an initiative the College has been involved in for the past 18 years.

The students did a brilliant job and had a fantastic time planting with their buddies, with the older students showing great leadership skills while guiding their younger buddies through the process.

Each student planted at least one seedling and by the end of the two days, 600 trees, shrubs and rushes had been planted in the 'Swamp', the open grassed area between the EcoClassroom and the Retention Pond. This naturally damp area allows runoff from the EcoClassroom Wetlands to be collected in the Retention Pond. Swamps are an important but threatened ecosystem and all of our seedlings were grown from seeds collected from a local swamp. The future addition of a board walk through the swamp means that while this area will be enjoyed by a wide variety of native animals such as birds and frogs it will also become a valuable addition to the schools environmental education program.

Ms Jessica Bell
ENVIRONMENTAL SUPPORT OFFICER

PRINCIPAL APPRAISAL

Appraisal and review is a regular and important part of developing and growing our staff. Our Principal, Mr Cain McDonald, will be undertaking an appraisal during this term. This process is overseen by the College Council and Lutheran Education - SA, NT, WA.

As part of this process, a number of parents/caregivers will be invited to complete a survey to assist in the data collection process of the appraisal. The survey will be distributed to a selection of parents/caregivers during this week and next week. If you receive an email invitation to complete the survey, you are invited and encouraged to complete it at your earliest convenience.

Thank you for your involvement in this important process.

Mrs Sarah Anthony
COLLEGE COUNCIL CHAIR

from the head JUNIOR SCHOOL

SMOOTH START

Teachers report that their students have returned to school ready to learn, and that the start of the term has been very settled. That is good to hear, and certainly the play during recess and lunch looks purposeful and friendly.

We welcome the following new students to the Junior School:

Macy Williams (RA), Fletcher

Armstrong (2A), Addison Jones (4A), Jayla Williams and Sebastian Armstrong (4B), Lincoln Williams and Harry Armstrong (6A). We hope they enjoy their transition into the College.

This term, we are trialling allowing students in Years 1-6 to play on the Years 2-6 playground, sandpit and the adjacent grassed area, before school. There will be a teacher on duty to supervise this area, as there are in both the Years 4-6 and Years 1-3 covered areas. Students will be able to run around before school. Ball games, other than handball, will not be permitted before school. This area will not be open after school.

We hope this will alleviate some of the congestion in the Years 1-3 covered area before school.

SUNSMART HAT POLICY

Tatachilla Lutheran College is a SunSmart school, and to be recognised as a SunSmart school, hats must be worn from the beginning of Term 3 by students and staff. When the UV level is 3 or above, sun protection is recommended. Data of UV levels for the past two years shows that there are only a few days where the UV level is less than 3 in Term 3, and these occurred in the first weeks of term. Wearing a hat every day from the beginning of term, regardless of the UV level, helps children get into the habit of putting it on at each break. Attached to this newsletter is an information leaflet from SunSmart, and additional information can be found at www.sunsmart.com.au.

We appreciate the support of families in this matter.

Mr John Dow

HEAD OF JUNIOR SCHOOL

CLARRIE AND THE NUDE FOOD LUNCH

Clarrie the Caring Koala, who keeps an eye on the Junior School to see which students and classes are demonstrating the Tatachilla Cares values, is inviting students to join him for lunch on Thursdays.

While Clarrie enjoys a diet of eucalyptus leaves that come without any packaging or wrappers, he is concerned about the number of food wrappers left behind after Junior School students have eaten recess and lunch. Clarrie would like to invite Junior School students to join him for a nude food lunch each Thursday this term. Clarrie and the students will gather on the veranda behind the Years 1 and 2 classrooms.

Nude Food means there are no plastic wraps or commercial packages around the food. Instead food is placed in reusable items such as plastic containers or zip-lock bags.

OUTDOOR LEARNING IN YEAR 4

Wednesday is the highlight of the week for most children in Year 4 as we spend the majority of the day outdoors. The day is divided into blocks of time spent at the creek engaged in nature play or at the EcoClassroom. All learning is related to the Australian Curriculum and the General Capabilities. Learning is particularly focused on developing our personal and social capability. Students work collaboratively during these times. Through working collaboratively in these different settings, students develop their interpersonal and social skills, learning to appreciate the different insights and perspectives of other group members, developing skills to plan, problem-solve, negotiate and lead. This term our learning is focused on sustainability and interdependence. Students have been working in groups to build habitats in the new section of the EcoClassroom. The habitats they have created are for bettongs, blue wrens, bearded dragons, potoroos, skinks and ants.

Mrs Megan Norman

YEAR 4 TEACHER

from the head of **MIDDLE SCHOOL**

WHEN THE LOVE OF LEARNING CONTINUES BEYOND THE ASSESSMENT DUE DATE

Our hope for all our young people in the Middle School is that they find a spark in their learning that is enlightened and keeps shining brighter and beyond the assessment due date. Learning does not stop once a task is completed. The challenge for us

as educators and parents is to assist our young people to reflect, think and inquire deeply into their learning, where they are transformed to be the change they want to see in the world.

YEAR 9 SPECIAL PROJECT

This week in 7-12 Chapel we celebrated the work of **Emma-Kate Rosevear** who has been volunteering with KickStart for Kids. KickStart for Kids is a not-for-profit organisation that helps school children achieve positive educational and self esteem outcomes through breakfast, lunch and mentoring programs.

Emma-Kate chose to raise awareness of this charity organisation through her Specialness Project in Term 1. Emma-Kate held fundraising events in the community and also sort out sponsorship for equipment that was needed for children who KickStart for Kids mentor. Emma-Kate has become a volunteer for KickStart for Kids since this project finished and we are so proud of the way she has become an advocate in helping of the voices of children to be heard. Emma-Kate has embraced the mission of our College; to lead is to serve.

It is with great joy that I share the residuals of these two real life projects in the Middle School that have moved the hearts, hands and minds of our young people in becoming change agents and principled leaders.

We look forward to a new semester of growth, deep learning and real life transformations for all of our young people in the Middle School.

Every blessing,

Ms Sarah Hoff-Zweck
HEAD OF MIDDLE SCHOOL

YEAR 7 BRING BACK THE BANDICOOTS STEM PROJECT

In the final week of Term 2 it was a real delight to see Year 7 students sharing with their parents, teachers and members of the National Resource Board their proposals to create a new sanctuary within the EcoClassroom for bandicoots.

These proposals were a culmination of student learning and investigations through Maths, Science, Technology and Ecology with the real hope in being able to bring bandicoots back to the area.

We are excited to announce that our Year 7 student environmentalists are working with a wildlife emergency centre in our local area to monitor habitats to study and observe bandicoot sightings. This group of students are also finalising the proposal to create our sanctuary for bandicoots to the National Resource Board.

There is a display of the student proposals in the library which you are invited to view next time you are in the College. We thank the EcoStaff for keeping the dream alive and supporting our students in becoming earth care citizens.

from the MIDDLE SCHOOL

MIDDLE SCHOOL SUBJECT SELECTIONS - YEAR 8 AND 9 FOR 2019

Thank you for your attendance at the Subject Selection Evening for 2019 held on Monday 30 July. We hope that both students and parents gained a positive experience of the range of learning experiences that are available at Tatachilla, not only in Year 8 or 9 but also through to the senior years.

A reminder that subject selections are to be made online at Web Preferences with the login/password details that were handed out on the evening or have been given to your child through Home Class Teachers if you were unable to attend.

To view the Online Curriculum Guide to assist students in making selections follow the steps below:

1. Go to <https://www.tatachilla.sa.edu.au/curriculum>
2. Click on the Middle School section.
3. Click on the relevant year level your child will be in next year to view the subjects on offer.
4. Once you have created a draft of your subject selections save as a pdf file, print or view the pdf to make your selections online through Web Preferences.
5. Log into Web Preferences and make your selections. Once satisfied save file and print out for signing
6. Return the signed preferences document to your Home Class Teacher by Wednesday 8 August (Week 3)

If you have any questions please feel free to contact either your child's Home Class Teacher, or Year Level Coordinator.

TERM 3 YEARS 7-9 PARENT TEACHER INTERVIEWS

The Years 7-9 Parent Teacher Interviews will be held on Wednesday 5 September.

Information will be sent out closer to the date to make bookings online.

Please note that an interim report will not be issued prior to these interviews, but Continuous Feedback will be available on SEQTA.

We encourage you to keep this night available in your calendars to visit your children's' teachers.

around the CAMPUS

ISHI - A SOLID FRIEND

As part of my role as Assistant Head of Junior School: Student Wellbeing I work with teachers to develop strategies to support student wellbeing in the day to day life of the classroom. I am also open to learning about new strategies that students find beneficial and was delighted to hear about Ishi from some of our Year 4 students.

Late in Term 2, Mrs Sweet introduced 4B to Ishi. Ishi is a small rock who provides simple tips about resilience, managing emotions and positivity. 'Ishi: simple tips from a solid friend' is a picture book that provides tips to adults and children alike about how to choose happiness; the children in 4B love reading this book and enjoying its beautiful, often funny, illustrations. **Mason Greer** (4B) informs me that Ishi is a good book to help you calm down and it helps you learn how to deal with problems. The children have made their own Ishi rocks and are beginning to use these, as well as reading Ishi's book to help them navigate the day to day challenges that life presents. Ishi's message is fairly simple: Stinky Days. We all have them. Choose happiness. Share your happiness. Enjoy the happiness of others. Mason recommends Ishi as a good book to help you calm down and to learn how to deal with problems.

You can read more on Ishi at <http://www.ishitherock.com>

Ms Emma Williams
ASSISTANT HEAD OF JUNIOR SCHOOL: STUDENT WELLBEING

from the head of SENIOR SCHOOL

WELCOME BACK

Welcome back to the second semester of the academic year! I hope that you enjoyed some rest and relaxation in the holiday period. Term 3 is a busy time with some important key dates to consider across all of the senior year levels. Please see below a summary of significant events in the lives of our

students over the coming weeks:

YEAR 10

- Senior School Course Counselling - 14-15 August
- Camp - 24-28 September

YEAR 11

- Senior School Course Counselling - 14-15 August

YEAR 12

- Flinders University Test (UniTest) - 24 August
- Parent Teacher Interviews - 19 September, 3.45-8pm
- Trial Examinations & Study Sessions - 24-28 September

SUBJECT SELECTION INFORMATION EVENING

It was wonderful to see so many parents and students attend the evening this week. In addition to the subject exposition and general information about the process, families were able to attend specific sessions that provided information unique to each year level.

This year, for the first time, our Curriculum Guide is electronic and can be found by visiting our website or through the direct link <https://www.tatachilla.sa.edu.au/curriculum>. Please note that this planning tool is not the final subject selection. Your individual log in details have been provided so that your subject preferences can be selected and recorded on the Web Preferences site. It is this information that is used to construct our timetable. Students are reminded that all of their choices are important and that reserve subject choices should be made wisely since, in some circumstances, these may be used to construct students' courses.

SATAC INFORMATION EVENING

Thank you to Mrs Tracy Templeman, our Careers Co-ordinator, for a very successful information session for the current Year 12 students and their parents and caregivers. Students were provided with practical advice for the application process for university and TAFE as well as having the opportunity to obtain literature and advice from representatives from The University of South Australia, Flinders University, Adelaide University and TAFE. If your young person was unable to attend this valuable session, please encourage them to speak to Mrs Templeman regarding their intentions following graduation.

RESEARCH PROJECT RESULTS

Congratulations to our current Year 12 students! All students results were successful in passing the compulsory Research Project. This is a fantastic achievement. Thank you to all of our Research Project teachers for their hard work and dedication. Students will now benefit from the additional time that they will be able to allocate to their individual subjects. As the academic year fast draws to an end for these students, we provided a study seminar last week presented by Elevate Education called 'The Finishing Line.' This was very well attended and received by the cohort. Please encourage your son or daughter to access the additional resources provided by the company to support them in their final preparations for the year.

Mrs Marylyn Marshall

HEAD OF SENIOR SCHOOL

CAREERS CORNER

APPLICATIONS FOR UNIVERSITY AND TAFE COURSES

Applications for university and TAFE courses are made through the SATAC website: <http://www.satac.edu.au>

Applications for university courses open on 6 August and 15 August For TAFE courses.

If students need assistance with applying for university or TAFE courses an appointment can be made with the Careers Development Coordinator, Mrs Tracy Templeman.

OPEN DAYS

Open Days for the universities will be held 10-12 August. These are a wonderful opportunity for students to visit the campuses and have all of their questions answered.

- University of Adelaide, 12 August, 9am-4pm
- University of South Australia, 12 August, 9am-4.30pm
- Flinders University, 10-11 August, 9am-4.30pm
- Tabor College, 11 August, 10am-3pm
- Adelaide College of Arts, 12 August, 10.30am-2.30pm
- International College of Hotel Management, 12 August, 2.30pm

Mrs Tracy Templeman

CAREER DEVELOPMENT COORDINATOR

around the **CAMPUS**

PARENT SEMINAR

TEENS, PARTIES AND ALCOHOL - A PRACTICAL GUIDE TO KEEPING THEM SAFE

Parents are invited to attend an evening seminar to be held on **Thursday 23 August 2018, 7.00 - 8.30pm** in the College Activity Centre

Teenage parties provide young people with valuable opportunities to develop a range of social skills that they need to relate effectively with their peers. As they get older alcohol is likely to become a part of these social gatherings and, unfortunately, things can go wrong. Using the latest research, this presentation will examine what we know about school-based young people and alcohol use and its use at parties. It will also provide some practical strategies and simple tips for parents considering allowing their teen to attend such an event to help ensure they are as safe as possible. **Please note:** This is a parents only seminar. Senior School students will have the opportunity to hear directly from Mr Dillon during the day.

Bookings are essential and can be made online at: <https://www.trybooking.com/WUHP>

ABOUT DARTA AND THE PRESENTER, PAUL DILLON

The Drug and Alcohol Research and Training Australia (DARTA) aims to provide education and training expertise and high quality research assistance on a range of alcohol and other drug issues.

Each year, DARTA presents education sessions to hundreds of school communities right across Australia, delivering information to students, teachers and parents.

DARTA has also been asked to present to a wide variety of community groups and organisations at conferences, seminars and workshops both nationally and internationally.

Paul Dillon is the Director and founder of DARTA and he is passionate about ensuring that the community has access to accurate and up-to-date alcohol and other drug information.

MONITORING OF STUDENT DEVICES

Access to devices in class enables both students and teachers to collaborate and learn in an online environment. Ultimately, the College believes that the use of technology enhances and supports the College's approach to high quality learning and teaching. However, not all students are using their devices in a manner that is aligned with the expectations and values of the College.

Over the time that we have had a 1:1 environment at the College parents have inquired about how we monitor the use of iPads or the laptops during lesson times. We have always done this both informally by viewing screen in class and shared areas such as the library as well as performing spot checks.

However, we are now rolling out a trial period where we are using specialised software to remotely view students' screens while they are in the classroom or on the campus and connected to the College network.

The purpose of the monitoring software is to assist in the education of students by, ensuring that they are using their time in class productively and are engaged in learning activities which are provided to them.

Please note that student devices are only monitored while on the College campus.

Should you have any questions please feel free to contact me by emailing margaret.naylor@tatachilla.sa.edu.au

Mrs Margaret Naylor
ELEARNING MANAGER

SPECIAL RECOGNITION

Congratulations to Mrs Jacki Victory (Laboratory Assistant) who was recently recognised with Admission to Grade of Member Admission.

Jacki was presented the Most Venerable Order of the Hospital of St John of Jerusalem for her exceptional service to St John SA by His Excellency the Honourable Hieu Van Le AC, Governor of South Australia at a ceremony held at Government House on Friday 7 June 2018.

Jacki has been a volunteer with St John since 1982.

Congratulations on such an amazing and deserving achievement.

around the **CAMPUS**

AMEB ONLINE ORCHESTRA

Earlier this year the AMEB invited Australians to submit videos of performances of their arrangement of Waltzing Matilda. On a recent lovely sunny winter's day we filmed our Senior Choir, String Ensemble 4 and Jazz Combo performing Waltzing Matilda in the bush setting by the billabong in our EcoClassroom. Sound tracks were recorded separately elsewhere. Staff then edited the sound tracks and carefully added the video footage. We're excited that it has now been submitted to the AMEB, to be included in their compiled production that will be launched in Melbourne's Federation Square in September. The AMEB has already placed a small section of the video on their Facebook page. You can view the whole video at our Vimeo channel at <https://vimeo.com/tlc5171> or through the College website.

Ms Chris Majoros
YEARS 7-12 MUSIC KEY TEACHER

SPECIAL THANKS

On behalf of Lutheran Community Care it was a pleasure to once again see Tatachilla staff, students and families.

The donated items will go to assist the LCC Emergency Relief program and play group and the Alice Springs Lutheran Church.

The Tatachilla community is to be commended for their commitment and generosity to help some of the most disadvantaged people in central Australia. The thoughtful Encouragement tags attached to the Emergency Relief packs will go a long way in sharing Gods love!

You are all true ambassadors.

Mrs Barbara Cybulka
CENTRAL AUSTRALIAN MANAGER
LUTHERAN COMMUNITY CARE ALICE SPRINGS

E-SPORTS

At Tatachilla we promote and engage in competitive E-Sports within the High School E-League Competition.

High School E-League's mission is to engage with high school students and E-Sports fans to improve life skills and educational outcomes. This is done through the support of the parent company, the Adelaide Football Club. We believe that E-Sports is a healthy, challenging and fun activity that can play a formative role in building life skills.

As part of our E-Sports program students are encouraged to demonstrate a balanced approach to gaming, team work and appropriate online behavior.

Why E-Sports in High Schools?

- **Team building:** E-Sports takes a huge amount of communication and co-ordination between team mates, which demands trust, and allows for a deeper level of interaction. These skills developed in-game prepare students for life.
- **Communication skills:** The best E-Sports teams use effective communication to lead, support and deliver successful outcomes.
- **E-Sports is a fast growing industry:** E-Sports is a rapidly growing industry. There are many opportunities available in the industry outside of being a pro player, some of which include production, live streaming, team support, social media, and management.
- **STEM opportunities:** Many students who participate in E-Sports often take an interest in STEM (Science, Technology, Engineering, Mathematics) fields.
- **Pathways to university:** Australian universities are starting to understand the importance and benefits of E-Sports within their establishments. In the near future, scholarships will be made available for students to consider.

Tatachilla's teams include League of Legends and Rocket League. The teams have so far competed at the Live LAN event at Hybrid World Adelaide 2017, competing against teams from across Australia.

UNIFORM SHOP CLOSURE

Families are advised that the Uniform Shop will be closed on **Monday 20 August** due to staff training.

from the SPORTS FIELDS

OPEN GIRLS FOOTBALL

On Wednesday 1 August our Open Girls AFL side travelled to Sacred Heart College to take on the 'Hearts' in a Preliminary Final. The winner would determine the first Grand Finalist for this year's prestigious State Knockout Competition.

The girls were very nervous going into the game as their opponents have a strong reputation as a very competitive football school.

In the first quarter Sacred Heart kicked with the wind and started strongly, relentlessly pushing forward as the majority of the game was played in their half. The defensive group led by **Chloe Bagshaw** and **Jodie Hunt** repelled attack after attack in what was initially a very scrappy affair. However, in the last 2 minutes of the quarter we managed to score a goal against the flow with **Dakota Oniszk** kicking truly after reading the fall of the ball much quicker than her opponent.

In the second quarter our girls really started to hit their straps and moved the ball with efficiency, using the advantage of the wind much more effectively than their opposition, kicking 3 goals to none. Players like **Teah Charlton** and **Kelli Nijhuis** starring in a quarter where our players started to believe that they were capable of winning.

The last half proved to be much of the same as the second quarter where our team out classed their highly fancied opponents. The ball use of **Taylah Levy**, **Sarah Wright** and **Lauren Clifton** were highlights of the team football being played by 'Tat'.

The final score: Tatachilla 8.5.53 def Sacred Heart 4.2.26

This means the girls will now play in the Grand Final on Saturday 11 August as a curtain raiser to the Port Adelaide game at Adelaide Oval.

Something the girls are extremely excited about! GO TAT!

Mr Scott Wendelborn
TEAM COACH

YEAR 8/9 GIRLS FOOTBALL

The third round match saw Tatachilla Yr 8/9 girls up against Sacred Heart Marymount in windy, arctic conditions.

In the first quarter, the ball remained mostly in Sacred Heart's attack line as they were kicking with the breeze. Tatachilla had a scoreless quarter but worked tirelessly in defence to keep Sacred Heart to a 1.4 lead heading into the second quarter.

The second quarter saw Tatachilla take advantage of having the wind behind them allowing them to very quickly get on the board with **Ella Radbone** first to score a goal followed by a quick hand pass from **Jade Deacon** allowing **Lily Lee** to slot the second. **Alicia Allan** was next to score and ending the quarter was **Ella Radbone** with her second. This was equally matched by Tatachilla's great work in defence keeping Sacred Heart to only 1 goal for the quarter.

The team knew they must work extra hard in defence for the third quarter to minimise Sacred Heart's scoring opportunities. **Aaleya Turner** and **Lauren Clifton** never stopped working with **Millie Cross** being very handy in the back-line. Our mid-field and defence all worked together only allowing 1.1 through for the quarter, leaving the scores all tied up at three quarter time.

In the final quarter, Tatachilla knew that they had the wind on their side. They maintained possession for most of the quarter, with **Amelia Sartor** working extremely hard to continue returning the ball back to the forward lines. With goals by **Millie Cross** and **Alicia Allan** saw Tatachilla win by 12 points.

The final score: Tatachilla 6.6.42 def Sacred Heart 4.6.30

It was once again a fantastic team effort with all players contributing to a result that they should be very proud of.

Thanks again to **Airlie Schirmer** and **Heidi Smith** our Assistant Coaches, our amazing Year 8 boys who have helped with Boundary and Goal Umpiring every game and Mr Matt Radbone, for being our Runner and assisting with the coaching and Mrs Julie Clifton for being our trainer. We really appreciate you coming out to help.

The girls will now play in the State Final to be played on Wednesday 29 August at the South Adelaide Football Club.

Ms Tonia Fielke
SPORTS COORDINATOR

from the SPORTS FIELDS

ONKAPARINGA SOUTH SAPSASA DISTRICT HOCKEY & SOCCER CARNIVALS

Congratulations to the 56 athletes from our Onkaparinga South schools who took part in boys and girls representative teams at recent State Carnivals.

BOYS HOCKEY: The team finished 5th out of the 11 teams. Thanks to volunteer coach Tony McCreanor. Tatchilla representatives were **Bailey Baldock, Tyler McCreanor** and **Will McAvaney**. Will was also awarded the Best Rookie Player Award.

GIRLS HOCKEY: The team finished 8th out of the 12 teams. Tatchilla representatives were **Lauren Potter, Lola Ravech, Isabella McAvaney** and **Zara McCreanor**.

BOYS SOCCER: The team finished 8th out of the 11 in Division 1. Tatchilla representatives were **Daniel Agnew** and **James Fox**.

GIRLS SOCCER: The team finished 9th playing in Division 1 for the first time. The girls were always competitive in a tough competition. Tatchilla representatives included **Maya Dutton** and **Cleo Guilfoyle**.

Mr Kevin Barclay
DISTRICT CONVENOR

SPORTING ACHIEVEMENTS

Congratulations to **Emily Smith** who was busy last week representing South Australia in the Girls U15 National AFL Championships held in Adelaide. SA finished top of their pool going through undefeated. After losing to Victoria for the chance to play in the grand final they then played WA for in the bronze medal match winning by 3 points. Congratulations Emily, we are very proud of you.

YEAR 6/7 BOYS & GIRLS BASKETBALL

On Wednesday 25 July the Year 6/7 Boys and Girls Basketball teams travelled to Morphett Vale Stadium for the SAPSASA Basketball Carnival.

The boys team members were **Todd Paech, Jack Bright, Taylor Goad, Oliver Byrne, Kobe Dowdell, Nicholas Schroder, Caelum Robinson, Jett Van Gasteren** and **Taj Pocock**. **Tyler McCreanor** was also a part of our team but due to an injury, was unable to play and assisted as our team scorer.

After a slow start the boys performed well as a team improving throughout and were very competitive throughout the carnival. Every boy demonstrated great perseverance, teamwork and determination. Their sportsmanship towards the other teams made me proud to be one of their coaches on the day, alongside **Jordan Plaice**, who was also fantastic in preparing the boys for the day.

Mr Joseph Paton
TEAM COACH

The girls team players were **Amelie Webb, Isabella Kolencik, Annabella Broadstock, Jessica Perrau, Charlotte Attard, Lola Ravech, Kayla Jury** and **Grace Deacon**.

The girls won their first four games only to lose in the play-off match by just 1 point

Throughout the games the girls showed excellent skills and great team work. Over all, they tried hard and showed great team spirit.

Thank you to Mrs Ali Thacker and Taylah Levy for coaching; Mr Webb, Mr Kolencik and Mrs Perrau for scoring and transport.

Annabella Broadstock, Year 7

from the SPORTS FIELDS

OPEN BOYS SOCCER

Round 2 Match Report - Tatchilla vs Reynella East HS

Goal scorers: **Levi Deliveyne, Connor O'Brien, Andre Papp** and **Joe Vile**

Tatchilla defeated Reynella in a highly skilful game that went right to the last whistle. The windy conditions made it difficult, but Tatchilla were the first team to settle in the first half and make better use of their passing skills. Tatchilla went into half time with a 1-0 score with some lovely work by **Levi Deliveyne** to beat their goal keeper. **Riley Zettler** settled well into the defensive midfielder role and delivered our forwards (**Connor O'Brien, Andre Papp, Liam Conway** and **Levi Deliveyne**) excellent passes on many occasions during the first half, but we struggled to finish off due to some great keeping.

In the second half **Thomas Patton** moved to the defensive midfield role and continued his excellent game, regularly intercepting the ball and setting up our players. The defensive line was rock solid all game, with great contributions from **Danny Campbell, Joe Vile, Finnegan MacDonald-Hall** and **Kane Nelson**. Danny made many 'give and go' runs down the right wing and created a real issue for Reynella's defence. **George Taylor** and **Kyle Holmes** entered the game during the second half and their energy and enthusiasm made a huge difference to the team. Tatchilla kicked three of the next four goals with a great solo effort from **Andre Papp**, some beautiful skills from **Connor O'Brien**, and opportunistic effort from the corner by **Joe Vile**. **Liam Conway** and **Levi** made some strong challenges and provided some excellent passes during this stage of the game. The one goal by Reynella during this period kept them in the game.

Some overly officious decisions and tired players opened the door for Reynella who then managed to kick the next two goals to bring the game back to 4-3. The next few minutes were very tense as mistakes and missed opportunities occurred regularly for both teams. **Brock Muxlow** (goalkeeper) had a very good game and made an important save with less than 1 minute on the clock to seal the win.

Special thanks to **Zaine Norman-Brown** who filled in as a reserve goalkeeper and managed to get some game time in the last half on the wing, and especially to **Lewis Mitchell** who ran the lines for a majority of the game. Thanks also to Mrs Jenni Edwards for having all of the equipment ready, and to Billy, Joe and Darren Vile who set up nets and helped in whatever way they could.

Tatchilla now move to the third round where a win will see them play in the Grand Final.

Mr Mark Turner
TEAM COACH

community NOTICEBOARD

SHAKESPEARE: MAN OF THE THEATRE

Shakespeare is often referred to as the 'greatest playwright in the English language.' What was so great about him? What are his plays about? How were they staged? Why is his language so admired? This illustrated presentation discusses the remarkable theatrical talent of this simple 'Man from Stratford' and considers why, nearly 400 years after his death, his plays are still so frequently performed all over the world. Presented by Dr Rosemary Nursey-Bray

Saturday 25 August, 10.20am – 12.30pm

Marion Cultural Centre

We are SunSmart - a note for families

Too much UV can cause sunburn, skin and eye damage and skin cancer. Overexposure to UV during childhood and adolescence is a major factor for future skin cancer risk.

You can't see or feel the sun's UV so don't be fooled. Whatever the weather, if the UV levels are three or more, it's important to **Slip, Slop, Slap, Seek** and **Slide!**

Our school aims to protect children and staff from too much UV to help minimise future skin cancer risk. We are a registered member of the Cancer Council Victoria's SunSmart Program. Please help support our SunSmart membership by ensuring your child follows the SunSmart measures included in our policy.

During the daily local sun protection times (issued whenever UV levels are three and above), use these 5 SunSmart steps – even if it's cool and cloudy.

1. **Slip on a shirt** - for free dress days, ensure your child wears clothing that covers as much skin as possible (e.g. elbow length tops with a higher neckline or collar and longer style shorts or skirts). Densely woven fabrics are best.
2. **Slop on SPF 30 (or higher) broad-spectrum, water-resistant sunscreen** – apply a generous amount of sunscreen at the start of the day and make sure children have sunscreen in their bag ready to be reapplied throughout the day. Sunscreen should be reapplied every two hours. Please ensure they get plenty of sunscreen application practice at home so they'll be all set when they are at school.

3. **Slap on a hat** – one that protects the face, neck and ears such as a broad brimmed, legionnaire or bucket style hat. Peak caps do not offer enough protection and are not recommended by SunSmart. Please help your child remember to bring and wear their approved hat.
4. **Seek shade** – choose shady spots for play whenever possible.
5. **Slide on some sunglasses** - if practical and approved by the school. Make sure they are labelled AS 1067 and cover as much of the eye area as possible.

Sun protection times

Don't just wait for hot and sunny days to use sun protection. Check the sun protection times each day so your family can be protected when they need to be.

Daily local sun protection times and weather details are available from the SunSmart widget on our school website, in the weather section of the newspaper, on the SunSmart website at sunsmart.com.au and as a free SunSmart app. Sun protection times can also be found at the Bureau of Meteorology website and live UV levels are available from ARPANSA.
