Term 2 | Week 6 | Friday 24 May 2019

from the head of **MIDDLE SCHOOL**

Over the last week in the life of a Year 9 Middle School student, a transformational experience occurred for each of our young women and men through the

Specialness Exhibition. This exhibition, being an end to a six-month long journey in challenging themselves to find their passion and serve others through exploring their vocation.

We are so proud of our Year 9 students in the way they have embraced the challenges of the Specialness Project. Each project is unique and has captured the voice, heart and talents of each student. Through the Specialness Project Exhibition our young people shared their story behind their project with their parents, mentors and staff. It was so wonderful to receive such encouraging parent feedback after the exhibition.

Reflection on this event caused me to make connections to an educational researcher and innovator who we are fortunate enough to be working with through the Independent Schools Association, Mr Charles Leadbeater.

Charles writes that the core purpose of education needs to shift from teaching students to follow instructions to identify and solve problems. Charles explains that this has been at the core of mass education and driven its success. However, in a more volatile, uncertain world, characterised by innovation and entrepreneurship, we now need to equip young people to solve problems of all shapes and sizes. Problems that will not come with instructions.

Charles says that to make this shift, education systems need to provide dynamic experiences for young people where they can learn to practice how to deploy knowledge into action, to work with others and to develop critical personal strengths such as persistence and resilience, to learn from feedback and overcome setbacks. The Specialness Project is one of these dynamic experiences that challenges our young people to create and innovate through pursuing their passions, learning new skills from mentors and making an impact on other's lives through this process.

*So inspiring to meet the next gen of entrepreneurs! Fantastic displays and each student I spoke to, spoke confidently and presented their project with pride. Speaking to the parents, there were so many personal journeys undertaken through this project also. Well done to all! **Amanda (Year 9 parent)***

*What a wonderful display of our school community and spirit. These young people have truly impressed, and the hard work and amazing talents shone through each and every project. Well done young people, and well done to the school and staff for showcasing these incredible journeys. **Naomi (Year 9 parent)***

from the head of MIDDLE SCHOOL

Thank you to every parent, grandparent, special friend, sibling, mentor and staff member who supported our Year 9s. Our young people have big dreams and possibilities for their lives as their emerging pathways were evident through the Exhibition. May the words from 1 Peter 4:10 remain with our students and families through this experience, 'Each of you should use whatever gift you have received to serve others, as faithful stewards of God's grace in its various forms.'

Ms Sarah Hoff-Zweck
HEAD OF MIDDLE SCHOOL

Mitchell's Specialness Project: A Mum's Journey

When we received the details, I knew this project could be an amazing learning opportunity for Mitch. What I couldn't predict was the extent of that learning – or that I myself would learn so much.

Mitch has an incredible imagination and is very creative, something usually expressed through drama, technology or writing. He decided he'd like to make something old into something that once again has purpose by using hand tools. As our family enjoys cycling, Mitch thought it would be fun to restore an old bike. For the act of service component he chose mental health as the focus, as cycling promotes positive mental health in a number of ways. He would give the bike to someone who experiences mental health challenges and for whom owning a bike would make a positive difference.

A friend of ours, Grant Warren, restores bikes as a hobby and was happy to mentor Mitch. Under his guidance I watched my son transform a rusty, 40 year old bike into a work of art. Throughout the hours of hard work and the late nights, he did not complain once.

Through my work in mental health we were able to connect with a refugee who has experienced trauma. Hadi had been hoping to get a bike which would allow him to connect with others socially and potentially access employment or study. Mitch is thrilled he can help Hadi with this.

Besides the obvious learning such as practical skills and knowledge of tools and bikes, I saw Mitch's confidence sky rocket. He was forced to step outside his comfort zone and sit with discomfort rather than run away from it. He developed better listening and communication skills, and organisational skills (I am hoping this is a permanent thing).

As his proud Mum, I've had my own learning journey. Two things stand out: Steve and I can be assured we are raising a young man with a kind and compassionate heart. And when allowed the dignity of risk to try new things, make mistakes and try again, Mitch's potential is limitless.

Ms Belinda Brown (Mitchell Brown's mum)

from the head of **SENIOR SCHOOL**

FURTHER SCHOLARSHIP AWARDS FOR OLD SCHOLAR

Congratulations once again to **Tobias Turner**, College Dux of 2018, who was awarded the University of Adelaide Principals'

Scholarship in 2019. Principal Mr Cain McDonald, was proud to be in attendance for the ceremony last week.

FUTURE YOU

In our Senior School Assembly last week, we encouraged students to begin the process of thinking about the next step in their pathways – whether this is planning subject selection for 2020 or beginning the process of university and TAFE applications. Our Career Development Coordinator, Ms Cathie O'Sullivan gave a presentation to Year 12 students this week so that consideration and early planning can go into this process.

Parents and carers are reminded that our course offerings are available to view through the electronic curriculum guide on the College website. Year 12 students are also reminded that SATAC is available online at <https://www.satac.edu.au> with valuable information regarding university and TAFE. SATAC applications open on 12 August this year.

Save the date for University Open Days as listed below and we encourage students in Years 10 and 11 to visit these opportunities to familiarise themselves with the courses and campuses of each university.

- University of South Australia - Sunday 18 August
- The University of Adelaide - Sunday 18 August
- Flinders University - Friday 16 and Saturday 17 August

Also visit <http://www.openday.com.au/tertiary/adelaide> for further information.

OUT AND ABOUT IN THE SENIOR SCHOOL

Thank you to all our Performance Technology students who assisted with set and prop design and creation for the recent College Musical, The Little Mermaid. Course teacher, Ms McVicar had the pleasure of accompanying the class to a matinee performance of Aladdin this week where students enjoyed the musical show and an after-show Q and A session with cast and crew.

Yours in Christ

Mrs Marylyn Marshall
HEAD OF SENIOR SCHOOL

PAYMENT OF FEES

Parents/Caregivers contribute fees towards their child's schooling at Tatchilla Lutheran College. Receiving fees in a timely manner allows us to continue providing classroom resources, excursions, camps and importantly pay our staff wages. Please review your account and contact our Finance Office if you have any questions.

Are your fee payments up to date? For parents/caregivers on Direct Debit please ensure that the required funds are available in your account for each withdrawal. If funds are not available, then contact will be made with you to arrange a make-up payment.

If you have not completed your registration for Direct Debit please do so as a matter of urgency. In the meantime, please ensure your College account is up-to-date. Please contact the Finance Office, 8323 9788, if you need a Statement or wish to make a payment.

VOLUNTARY BUILDING FUND

Donations to the College Building Fund are tax deductible. As the end of the financial year draws closer you may consider making a payment to the Building Fund to be able to claim on your tax return.

Making a donation is easy, please contact our Finance Office on 8323 9788 who can assist.

BUS SERVICES

Tatchilla buses are fitted with the BusMinder System. The BusMinder Parent App can be downloaded from the Apple App Store or Google Play. After downloading the app and signing-in, parents can make payment, receive notifications, as well as seeing live GPS data of the active bus runs.

Bookings for all bus travel is essential and must be done prior to payment or travel. Students travelling on the bus services must have a registered student ID card or Keyfob to tap on & off the BusMinder system.

It is a condition of travel that Bus Fees are paid in advance of travel. Parents are reminded to regularly login to their BusMinder Parent Account and check their current balance to ensure sufficient funds are available. Payment of bus travel is to be made through the BusMinder Parent App or by phoning the College Office on 8323 9588.

Students wanting to travel on alternative bus services for sporting or work commitments or wishing to have a 'friend' travel with them must seek approval prior to travel as this may not always be possible due to availability. Additional cost may apply.

More information can be found on the College website at www.tatchilla.sa.edu.au/enrolments/bus-services or by emailing buses@tatchilla.sa.edu.au

from the head of **JUNIOR SCHOOL**

AFTER SCHOOL PLAYTIMES AND PICK UPS

The Creek and the Junior School playgrounds and sandpits are popular gathering places after school for friends and family, and we welcome the use of these areas for play and conversation before heading home. Parents and children are welcome to use these facilities after they have

collected their children from the classroom. Please do not make arrangements to meet your children at the playground because these areas are not supervised by teachers after school. To enable us to meet our duty of care obligations, all children should either be collected either from the classroom or the following supervised locations:

- Kiss and Drop zone adjacent the Junior School car park
- Lawned area adjacent the main car park in front of the Administration Building

Please note these areas are supervised by teaching staff until 3:40pm.

Students should not be asked to wait in other unsupervised areas, such as the Junior School playgrounds, the footpath on California Road, or behind the College gymnasium.

Thank you for your cooperation in this matter.

NAPLAN

Congratulations to our Year 3 and 5 students who took part in NAPLAN testing last week. All classes approached the tests with a growth mindset, and were settled and productive during each session. Thanks to all staff who helped to make this process as smooth as possible.

MERIT AND EXCELLENCE AWARDS

It was a lovely surprise for the Chung family this week, when sisters, **Amber** (3A) and **Crystal** (1B), each received Excellence Awards. Congratulations also to **Mia Holmes** (3B) who also received an Excellence Award, and to all other Merit Award winners. Members of the Junior School Chorus who took part in the recent musical, *The Little Mermaid*, were also recognised.

Mr John Dow

HEAD OF JUNIOR SCHOOL

CURRICULUM MATTERS

WHY CAN'T WE TEACH LIKE WE USED TO?

Many of us experienced school as a place where we all sat in rows at our own desk and learning comprised of trying to absorb all the wisdom and facts our teachers shared with us in order to obtain high scores and gain the best job we could after school. Education has changed dramatically in the past decade, and at a rapidly increasing rate. Two of the most eminent and well respected contemporary educational researchers explain this beautifully: Sir John Jones (knighted for services to education in the UK) and Sir Ken Robinson (author, researcher and international speaker on creative and cultural education in the UK, Europe, Asia and the United States and the most watched speaker in TED Talk's history).

Sir John Jones explains how preparing our children for a world that doesn't yet exist has its challenges and responsibilities for educators – one that we can't ignore but must in fact embrace. He writes that, "We live in a rapidly changing world. A world in which statisticians claim, 80% of the jobs our children will do have not yet been invented. ... We are all going to need five key capabilities; creativity, ingenuity, agility, adaptability and sociability. This has huge implications for schooling, in general, and teachers, in particular. ... Schools are going to need to develop learning environments which, while encouraging the relentless pursuit of excellence, also seek to promote a culture which questions the status quo and invites staff to take risks and embrace change." While the measure of our industrial education was how much we knew for each subject, Sir John Jones makes no mention of knowledge as a goal, but rather what we can do with it – creatively, ingeniously, with agility, adaptability and socially.

Sir Ken Robinson defines the purpose of education as 'enabling students to understand the world around them and the talents within them so that they can become fulfilled individuals and active, compassionate citizens.' He focusses on the radical changes that are needed in education for our students to thrive. He notes, "There are forthcoming challenges in the 21st century – climate change, ethics around artificial intelligence, and more – and people need to be working closely in communities, using their full set of talents, in order to solve them... education instructors of today play a key role in shaping the future." He highlights too the importance of letting students learn from their mistakes (as that is ultimately the point where new learning occurs), and the emphasis we should be taking when talking with and encouraging our students, "I have come to a realisation that effort and hard work should be praised more than being smart; that learning how to handle failure is a key life skill; that all of us possess that inner spark and finding your genius is more important than being a genius..."

As John Dewey, another eminent educational reformer famously said, "if we teach children today as we taught them yesterday, we will deprive them of their tomorrow." As teachers, we continue to learn and grow.

Ms Ali Thacker

ASSISTANT HEAD JUNIOR SCHOOL: TEACHING AND LEARNING

from the SPORTS FIELDS

OPEN BOYS AUSTRALIAN RULES FOOTBALL

Congratulations to our Open Boys AFL team who played Willunga and Woodcroft at Tatchilla on Thursday 16 May in their first round of the SSSA Knockout Competition.

The boys played with great spirit and sportsmanship across both games and came away with two solid results. There were some courageous acts displayed by captain, **Tom Neville**, as well as a strong marking presence up forward with sharp shooter, **James Lawton** kicking a handful of goals in both games. It was great to see younger players, **Angus Bradley** and **Jaiden Magor** step up and take the game on with their speed and silky skills. **Lachlan Bellen** fought tirelessly in the ruck and often gave the midfield first look at it.

Final scores saw Tatchilla defeat Willunga 8.11 (59) to 3.2 (20) and Woodcroft 14.12 (96) to 2.4 (16). Best on ground included: **Tom Neville, James Lawton, Jaiden Magor, Ollie Brunton, Angus Bradley, Ben Martin.**

The boys will now progress through to the second round. Special thanks to Mr Tom Harms, our Assistant Coach, for being our Runner on the day.

Mr Ben Woodhouse
TEAM COACH

YEAR 10 VOLLEYBALL

Well done to our Year 10 Girls Volleyball team who competed in the SVF Fleurieu Cup held at Seaford Secondary College.

The girls met some tough competition throughout the day and had a win against Aberfoyle Park.

They continued to develop their volleyball skills and showed great sportsmanship. Special thanks to **Hayley Brown** who assisted with coaching and refereeing on the day.

SURFING

Tatchilla surfers competed in the South Australian School Surfing competition Round 2 at Middleton on Friday 17 May. Conditions were good with 2 foot swell and offshore breeze for most of the day, although the high tide made it difficult in the bay for the Open Boys (**Izaak Logan** and **Zane Annand**). The waves off the point offered a few more scoring opportunities with **Felix Bekkers** and **Jacob Cerullo** narrowly losing their first heat before winning their second with both surfers getting good rides and scoring well. They progressed to the semi-finals but that would be as far as they would go for this round finishing a respectable seventh. The Open Boys narrowly missed progression despite paddling hard and catching multiple waves. **Ashton Jones, Malachi Roscrow-Kreis, Josh Winstanley** and **Sebastian Lann** were fantastic judges for multiple heats working as a team and supporting the whole team.

The girls in the Whitewater Division had the opportunity to surf a number of times and their surfing improved as the day went on. **Lilly Drummond** and **Grace Last** confidently stood up on many waves and caught several long rides in their heats, but were up against some strong competition so missed out on progressing this time. **Tyla Pyman** had a great session in the knockout wildcard round – but unfortunately her two best waves occurred after the 10 wave cut off. **Amber Bussenschutt** and **Caydi Young** scored highly in their heats and won places in the finals. Amber and Caydi both surfed very well in the finals – they took off in critical sections of the wave, paddled further out the back, and executed a few small turns. Congratulations to Caydi who placed 3rd overall and Amber who came 5th.

Thanks to all for being such a lovely group, respecting the beach and keeping it clean, and being willing to help out with judging and packing up.

Mr Tyson Leech
TEAM COACH

from the SPORTS FIELDS

SAPSASA RESULTS

Congratulations to the following students who have made it into the Onkaparinga South District AFL Team to compete in the 2019 SAPSASA State Boys Football Carnival 17-20 June:

Ashton Grice, Douglas Stock, Liam McCurrach, Tarj Walden and Zebadiah Sinclair

Congratulations to **Tessa Ebert** and **Maximus Garnett** who participated in the 2019 1500m SAPSASA State Championships held at Athletics SA Stadium on Sunday 19 May. Despite the cold and wet conditions Tessa achieved a silver medal in the 11 year old girls and Max who ran a great race finishing 9th in the 12 year old boys category.

Congratulations to **Tessa Ebert, Thomas Evans, Maximus Garnett, Friedrich Hillen, Rhett Read, Seth Read, Karlu Roscrow-Kreis** and **Harry Smith**, who represented the Onkaparinga South SAPSASA District Team in the 2019 State Track and Field Championships. Special mention to Tessa who achieved a gold medal in the girls 11 yrs 800m.

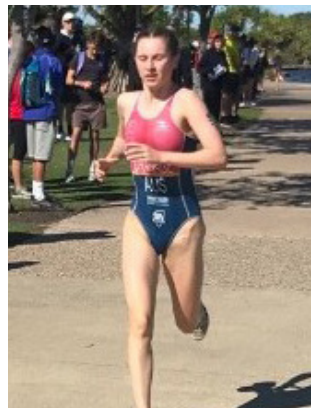

INDIVIDUAL SPORTING ACHIEVEMENTS

Congratulations **Jaiden Magor** who has been named Vice Captain in the State U15 AFL team. Jaiden will head to Hobart in July for the Australian Football Championship.

Congratulations to **Angus Hincksman** who was nominated for the U16 Male Athletes Award at the Athletics SA Awards night. Angus was presented with certificates for setting State records for 1500m in U16, U18, U20 and Open categories. Angus also recently won gold in the 1500m & 800m at the Sydney Junior Nationals and has been selected by Athletics SA as a targeted talent program athlete, giving him support through AIS initiatives.

Congratulations to **Paige Cranage** and **Josh Cranage** who represented SA at the Australian School Sport Triathlon held on the Sunshine Coast on 3-4 May. Paige competed in the intermediate (U17) category and came 19th overall. Josh competed in the Junior (U15) category and came 24th.

Congratulations to **Molly Walker** for being selected in the School Sport SA 13-19 years Swimming State Team. The team will compete in Melbourne at the end of July.

Congratulations to **Sarah Wright** and **Teah Charlton** who have been named in the AFLW U18 Championships Squad. The Championships kicks off against the NT on 31 May.

around the **CAMPUS**

SAVE THE DATE

TATACHILLA MUSIC FESTIVAL DAY

Mark your calendars with Sunday 15 September as the date for our inaugural Music Festival Day.

The Music Festival is a new and exciting event that will incorporate the Performing Arts Showcase, and Music Ensemble Evenings previously held during Term 3 and much more!

The Music Festival will provide opportunities for all Junior, Middle and Senior School Music Ensemble students to perform programs for their families, friends and the community.

There will also be performances by soloists, student-led groups, come 'n' try opportunities and art displays.

Various venues around the school will be filled with music, art and entertainment, enabling patrons to move between venues to experience a wide variety of performances.

The Festival will be a family friendly event with something for everyone.

Bring your a picnic lunch or grab a snag from the barbecue and take the opportunity to enjoy the lovely grounds.

It is expected that all students in all Bands, Choirs, and String Ensembles will be participate in performances, from 12-4pm.

Details of the program, booking information and refreshments will be released closer to the event.

Be sure to also look out for information on the College Dance Showcase to be held on Friday 20 September, at Hopgood Theatre.

Ms Chris Majoros

YEARS 7-12 MUSIC KEY TEACHER

staff and students from the 2018 SleepWalkin' event

SLEEPWALKIN' 2019

SleepWalkin' is an annual Tatchilla event to raise funds and awareness for people experiencing homelessness. All monies raised support the St Vincent de Paul Winter Appeal, with most funds helping people in our local community. This is an opportunity for students in the Senior School to experience a small taste of what it is like to spend a night in the cold with basic conditions and simple food like soup, bread and fruit.

This year's SleepWalkin' starts at 3.30pm on Friday 7 June (end of Week 6), and finishes at 7am on Saturday 8 June.

On the night, guest speakers from Vinnies tell us about their work supporting members of our community who find themselves experiencing homelessness, and the major issues facing them. Attending students form themselves into groups of eight and walk laps of the oval in shifts for 12 hours (6pm – 6am). Breaks are able to be taken, but during those breaks students sleep or rest on the floor of the gym foyer.

Students raise money through sponsorship on the night, and we also welcome any monetary donations from members of the community who would like to support this most deserving cause. For more information about how you can contribute, please contact either Mark Turner or Elizabeth Bentley at the College.

- ◆ Photo display
- ◆ Free BBQ
- ◆ Coffee available from Long Shot & Co

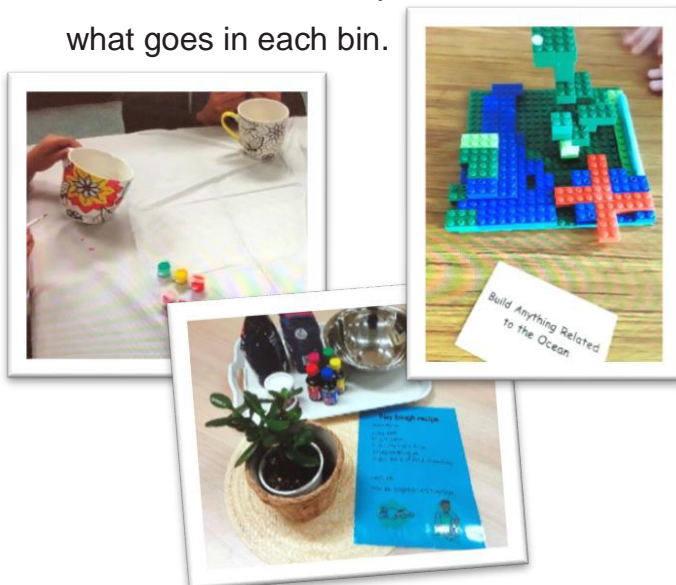

A community event sponsored by Onkra Inc. with the assistance of City of Onkaparinga and The Department for Environment and Water

**We have had a great start to Term 2 here at Camp Australia,
Tatachilla Lutheran College OSHC!**

We have introduced our newest OSHC friend, **Fanta the Goldfish!**
We brainstormed names and had a vote, with Fanta the most popular, but Goldie a close second. We think we will have to get another fish to keep him company, so we might just have a Goldie yet.

The **Onkaparinga City Council's Educator**, Malinda visited us and helped us learn about what happens to our waste once it leaves our bins. This has supported the waste station we have implemented, to help sort our waste and re-use as much of it as possible. During the presentation, children got to become parts of the waste management process and took home a booklet to help their families know what goes in each bin.

Thank you to all our children, parents, teachers, and friends of OSHC who have kindly donated resources this year. We have had a range of items including games, toys, recycled materials, office electronics, loom bands, wool and car parts for tinkering donated. We have even been lucky enough to have Georgina's family donate four stick insect eggs...we are waiting for them to hatch, which we have learnt can take a while. Hopefully Fanta will have some new friends soon.

We look forward to seeing you and your family soon!

From Melissa, Lin, Natasha and the whole team at Camp Australia

Haven't visited us yet?

Register and Book Now!

To register for free and book your child in our program, visit www.campaustralia.com.au and use the school finder on our homepage to search for Tatachilla Lutheran College.

To ensure we have enough Educators and resources for each session we always recommend making your bookings in advance. If you are registered and need to use our OSHC in an emergency, we can take on the day bookings too. This can save some stress if you are stuck in traffic or have an urgent work or family matter arise.
