25 YEARS | TATACHILLA  
lutheran college

Start of 2020 Special Edition: | Thursday 23 January 2020

from the  
**PRINCIPAL**

Welcome to the 2020 school year and our 25th anniversary! It is a pleasure to welcome new students and staff to our community and to also welcome back all returning members of the College. We start the year in the sure hope of the blessings of God, that He will provide and comfort us throughout the coming year.

This early edition of the College Newsletter has been produced to provide information relating to the commencement of the new school year, which you are encouraged to read and digest!

The College Administration Office is now open and staff are on site. Should you have any further questions to the information provided within these pages, please do not hesitate to contact the College on 08 8323 9588.

Our 2020 College wide theme is 'Gathering together in light.' This will focus our hearts and minds throughout 2020 across all domains of our growth and interactions: spiritual, academic, physical, emotional and social. We prepare to return to the new school year with our eyes firmly fixed on the horizon for the opportunities that await us.

Provided within these pages, is some specific information related to each sub-school as well as some general information common to the whole College. I encourage you to read this and share with your children as they prepare for school.

As we return to school, I also take the opportunity to remind each member of our community of safe driving practices on and around our College site.

With over 1100 students moving around the site on a daily basis, driving safely is vitally important. I ask you to follow the local road rules as well as the directions from staff to ensure safe passage for both pedestrians and vehicles.

Parking around the College should be utilised should you wish to walk your child to the classroom, or collect them from the classroom.

If you are just dropping off/picking up, please use one of the designated zones, noting that these are not permanent parking spots and drivers should not be leaving their cars unattended. Please move through these areas at the direction of staff.

If you are a new family to our community and a relative or friend will be transporting your child/ren, please give them appropriate directions also for when they first visit the College.

In the coming weeks, students who attended the College in 2019, will receive their copy of the College magazine, Carvings.

This publication is distributed at the beginning of the year so that we can capture in entirety the events of the College year, including Year 12 results and final events. This is an outstanding publication and captures the heart of our College community from the previous twelve months.

Our College Opening Worship on Wednesday 5 February will be a special time as we recognise our College Dux from 2019, **Tully Doddridge**, as well as Year 12 students from last year who achieved Merits and/or an ATAR over 90. We will also install and welcome our new staff who have joined our College this year. You are all welcome and invited to attend this special service commencing at 9am in the Multi-purpose Facility.

If you have any queries regarding any of these matters or other start of year procedures, please do not hesitate to contact your relevant SSO Office who will direct you to the most suitable staff member.

I pray that you and your family have a blessed and positive experience with our College community in 2020. I look forward to seeing you at one of our upcoming events.

Yours in Christ

# from the **HEAD OF JUNIOR SCHOOL**

Welcome to the 2020 school year. We look forward to welcoming all students on Wednesday 29 January, including our Reception students. This year we have around 100 new students starting in classrooms right across the Junior School, including our additional Year 4

students who make up the new Year 4 class.

Junior School staff have been in over the break preparing their learning spaces, attending meetings and professional development. Nearly all teaching staff have moved to a new classroom, which has provided an opportunity to cull resources and de-clutter. Over the next few weeks, most classrooms will get some new furniture. The existing desks and chairs will be supplemented with larger tables to allow students to collaborate more readily, and to provide students with a bit more choice about where they sit. We also hope to provide additional outdoor bench and table settings to take advantage of the outdoor undercover areas as learning spaces.

The Junior School will also welcome two new staff members. They have been on site for induction and familiarisation sessions. We are confident that they are bringing skills, knowledge and understanding that will complement the Junior School community, and the teaching and learning that takes place here every day.

The first few days of school can be an anxious time for some students. KidsMatter have a lot of good advice for parents about transitioning back to school. <https://www.kidsmatter.edu.au/families/starting-school> The parents.com site is another useful resource, and while aimed at young children, the strategies they suggest can be adapted for older children. <https://www.parents.com/toddlers-preschoolers/starting-preschool/separation-anxiety/overcoming-separation-anxiety/>

## **ARRANGEMENTS FOR STUDENT STATIONERY**

All stationery has been ordered by the College and has been delivered direct to the College. Teachers will issue it to the students as it is needed throughout the year. PVC book covers will be used to cover exercise books, and teachers have prepared title pages to identify what each book is used for. Exercise books will not be sent home for covering, although you may be asked to name the pens and pencils required for Term 1. You may also be asked to provide a pencil case.

## **BACK TO SCHOOL ROUTINES**

If your children are a bit out of their school bedtime routine, now is a good time to start re-establishing it. Being well rested is one of the critical foundation stones for a child's ability to learn, and engage in the busyness of school life.

## **PARENT INFORMATION NIGHT**

The Junior School Parent Information Night (PIN) will be held for all year levels on Tuesday 11 February. More detail about the programme will be issued shortly. A 30 minute information session will also be held in the Activity Room where John Dow (Head of JS), Lindee Hopkins (Assistant Head: Student Wellbeing), Ali Thacker (Assistant Head: Teaching and Learning), and Karen Turner (Learning Enhancement R-6 Coordinator) will present key initiatives for Reception to Year 6.

A sausage sizzle will be provided, and there will be plenty of time to meet your child's teacher and other parents in the year level. We hope all Junior School families will be able to attend.

## **LABEL EVERYTHING**

If you have ever visited the Junior School office, you may have seen large wicker hamper there. It is usually full to the brim of school jumpers, hats and other uniform items. The common bond that these items share is that they are not named. Please ensure you label all your children's uniform items, their lunch box, water bottle, and anything else they bring to school.

## **HATS AND WATER**

With a warm start to the term likely, hats are essential at recess and lunch time. Our policy is, 'No hat, play in the shade', and if it is very hot, we all stay inside or out of the sun during breaks. Please wash your child's hat before the start of term.

Water bottles may be brought into the classroom, but they should not be frozen, as condensation builds up on the outside of the bottle, resulting in a puddle on the table.

In hot weather, a freezer block in the lunch box will help to keep it cool.

We also recommend the use of insulated lunch boxes and freezer blocks. These are proven to keep student lunches cool even on very hot days.

## **JUNIOR SCHOOL CLASS BLOGS**

The Junior School has a centralised blog site where year level is represented. Families with children in more than one year level have only one blog platform to learn and visit. This is the main form of communication between school and home. A link and password will be shared with all families soon.

Best wishes to all Junior School families as you prepare for the start of the year. We are excited and optimistic about the year ahead.

**Mr John Dow**  
HEAD OF JUNIOR SCHOOL

# GENERAL INFORMATION

## BUSES – COST OF SERVICE DRASTICALLY REDUCED IN 2020

The College operates bus services to and from school throughout the Fleurieu area. From 2020 the College Bus Service cost for parents/caregivers has been markedly decreased. In many instances, families will find themselves saving more than 50% compared to last year.

A new zoning system has been established (Zone 1, Zone 2, Zone 3). Depending on the pick up and drop off location will depend on the cost of the trip. The reduction in price is due to feedback from families last year when we conducted a survey to look at the accessibility and affordability of our bus services. We are pleased to be able to implement this new pricing schedule that will save families throughout the year in transport costs.

Details of the zones and costs can be found on the College website (<https://www.tatachilla.sa.edu.au/enrolments/bus-services>). Families wishing to book a bus service must complete a Bus Travel Application Form and return it to the College.

Once your child is registered to the service, your child may use the bus as frequently or infrequently as they wish using either their Student ID Card (Yrs 7-12) or Keyfob (Yrs R-6).

For more information, please contact:

**Mrs Kay Digby**

College Bus Coordinator

## TATACHILLA LUTHERAN COLLEGE IS A MOBILE PHONE AND ACCESSORY FREE SANCTUARY FROM 2020

Australian teenagers are spending 20 per cent of their waking hours on their phones. With so much of their lives spent plugged in, it can become difficult for them to switch off. With this in mind, and the wellbeing of our students at the heart of our decision making, we are pleased to announce Tatachilla Lutheran College will be a 'mobile and accessory free' sanctuary.

With this in mind and the wellbeing of our students at the heart of our decision making, Tatachilla Lutheran College will be a 'mobile and accessory free' sanctuary from the start of the 2020 school year.

We believe this important change will have a positive impact on student learning, social behaviour and complement our Wellbeing Program at the College. With concerns around mental health at an all time high, promoting social interactions is more important than ever before and this has been the driving force behind this new initiative.

From the start of Term 1, students will be required to store their mobile phones in their locker from the start of the school day until the final bell. When emergencies occur, parents can reach their son or daughter by calling the College office.

The updated Mobile Phone and Accessories Policy can be found on the College website and SEQTA Engage.

We are looking forward to partnering with students and parents to successfully implement this change and we believe it will assist our students to balance the pressure in today's digital environment.

## NAME ITEMS

Students bring a range of items to school each day which can be misplaced. In order to give the best chance of a drink bottle, a hat or a jumper finding its way back home, please make sure you clearly label all your child's belongings. You may need to reapply this throughout the year.

## SUN SAFETY

While sunscreen is available in some key areas of the College such as SSO's and Gym, students are encouraged to apply sunscreen before they leave home each day. In these summer days students continue to participate in outside activities both during break times and in class times.

Hats are to be worn by all students during Terms 1, 3 and 4. Likewise, sunglasses are able to be worn during break times, but are to be removed when inside.

## SEQTA: ENGAGE

We invite parents/caregivers to make regular weekly visits to Seqta: Engage, your online portal to the teaching and learning communications of the College are located. For our Middle and Senior School families this is also where regular assessment, feedback, results and grades are provided by teachers.

Students also have access to their portal through SEQTA: Learn where you can also sit with them, discuss the feedback and results from teachers and plan goals and areas of improvement.

New families recently received an email to log in to SEQTA: Engage to activate your account. Continuing families should still have access from 2019. If you have any trouble logging in please contact our ICT Helpdesk through the College Administration Office or [ictservices@tatachilla.sa.edu.au](mailto:ictservices@tatachilla.sa.edu.au)

## CANTEEN

The College Canteen is managed by Rory's School Lunches. Rory's School Lunches is a local based catering and canteen management company who provide excellent and extensive "healthy choice" food offerings to numerous schools across South Australia.

The Canteen will open on Tuesday 28 January from 8am. Students that place lunch orders will be able to order from the menu that is available on QKR app or on the Rory's website at [www.rorys.com.au](http://www.rorys.com.au) or from the menu in the canteen.

Senior students can also purchase from a great selection of hot and cold foods from the displays at recess and lunch. Full EFTPOS facilities are available in the canteen.

The 2019 menu can be found on the Rory's School Lunches website [www.rorys.com.au](http://www.rorys.com.au), the QKR app and the College website.

We encourage you to check out the Rory's School Lunches website at [www.rorys.com.au](http://www.rorys.com.au) and like our Facebook page for service updates.
