25 YEARS | TATACHILLA
lutheran college

Term 3 | Week 10 | Friday 25 September 2020

from the **PRINCIPAL**

As Term 3 draws to a close I give thanks to God for the resilience, tenacity and generosity of our Tatachilla Lutheran College Community.

It is a blessing that the community has worked collaboratively this term, despite the challenge of COVID-19, to ensure continuity of high quality teaching and learning in a rich, faith-filled, safe and happy College environment.

I thank all for ensuring diligence in COVID-19 compliancy for all events held this term. It was pleasing to see parent attendance at assemblies. We look forward to the College Valedictory, Year 12 Art Exhibition and Tatfest, to name a few upcoming events. Teachers and support staff who work in schools are blessed, along with parents, to celebrate these key College events.

This term students participated in leadership workshops and co-curricular events including the inaugural Southern Schools Sports Cup; Photo Day, Science and Book Week activities and College tours. Our Junior School Musical, and Year 12 Photography exhibition were also highlights.

Jay Van Dam receives her Principal's Choice Award at the Year 12 Photography Exhibition

Students studying the SACE will be working hard during the term break, to complete all work and/or prepare for exams. Students are reminded to sacrifice work and extra-curricular activities for study over the coming weeks. In my Year 12 address, I reminded students of the importance of sleep, diet and exercise to mitigate stress. I ask all students to avail themselves of the holiday classes offered and to contact teachers if they have concerns in regards to assignment deadlines.

Thank you once again to our parents, grandparents and caregivers who assisted with Junior School camps this term. Thank you to those who attended Course Counselling and Subject Selection sessions. I am pleased to announce that with your feedback, the College is now offering an even broader range of subjects (including the newly launched Performing Arts Academy).

Please feel free to contact me during the term break if you have feedback or concerns regarding subject selections for 2021. Some subjects such as Year 10 Dance, Year 11/12 CAD and others have been included as options in response to parental feedback.

It has been inspirational to see staff and students authenticate our commitment to Lutheran education. We have witnessed Gospel values in action, through weekly devotions and Chapel sessions led by Pastor Jon Goessling, staff and students. The community listened to speakers from Australian Lutheran World Service, parents and Old Scholars, and responded from the heart in raising both awareness and funds in our Challenge 4 Charity day.

Pastor Rodney Witmitz, Senior Pastor of Hallet Cove Lutheran Church, visited classrooms last week and a small group of staff were privileged to pray and dialogue with students who are part of the VETA Youth mentoring program.

from the PRINCIPAL

It has been a privilege as Interim Principal to meet with new students who commenced College life in Term 3 2020. It was also a joy to meet the R-12 student leadership team who presented their vision and hopes for Tatchilla Lutheran College. Their input will also be invaluable as the College moves into strategic planning and website development in 2020/21. I commend members of staff who are currently engaged in a collaborative project with the Association of Independent Schools of SA (AISSA), on a student agency project which will ensure student voice remains a priority for College decision making.

The College Council and Lutheran Education SA, NT and WA (LESNW) continue to make strategic decisions on behalf of the College community with great wisdom and compassion. I thank Chair Sarah Anthony and members of the Council who have worked tirelessly this term to set 2021 school fees, approve the draft budget, review the College Constitution and appoint the new Principal for Tatchilla. The latter decision will be announced to the College community in the coming weeks.

This term staff shared in a Retreat Day, engaged in RU OK events promoting mental health awareness, and completed Restorative Practices and ICT workshops. I wish staff a very restful term break together with the blessing and sincere gratitude of our community.

The College Executive team will work through the term break to finalise 2021 staffing and timetable. Year 12 teachers will provide holiday revision classes and our College Cadet Unit will parade in Murray Bridge at their annual camp. Our support staff will also continue their work on maintenance, administration and financial management of the College.

As the term draws to a close I extend the blessing and love of Christ to our entire College community and beyond. I am reminded of the words of St Paul in his letter to the Philippians: *'I thank my God each time I think of you and when I pray for you I pray with joy.'*

Mr Noel Mifsud

TATCHILLA
lutheran college

25
1995-2020

from the head of **JUNIOR SCHOOL**

With the term break on our doorstep, it is a good time to reflect for a moment on the term just past.

Last Friday, we celebrated Challenge 4 Charity at lunchtime with special activities provided by Year 9 students. It was the sort of occasion that you can't get in a stand-alone primary school - one that only a Reception to Year 12 College can provide. Year 9 students set up games and stalls in the Year 1/2 courtyard for the Junior School students to enjoy and they were kept busy with long lines of students waiting their turn for a lucky dip, balloon animal or game of skill. The older students interacted so kindly and patiently with the much younger children and it was a happy time. Thanks especially to the Year 9 students, Mr Grant Wildman and Mrs Hoff-Zweck for making this happen for us.

We also celebrated another milestone in the Junior School; the Junior School Musical. Instead of our regular assembly, the musical was performed before an appreciative audience of Junior School students and staff. It was the first and only time they will get to see each other perform and we enjoyed the performance immensely. Mrs Matena rose to the challenge that the COVID-19 restrictions placed on the staging of the Junior School musical this year, and we look forward to the innovative filmed concert version which will be released some time next term.

Years 3 to 6 went on camp this term. This creates a lot of work and time away from home for their teachers, the Junior School leadership team, LSOs and other staff members, and I am very grateful for the way our staff go above and beyond to make these experiences happen. Thank you also to all the parent helpers who took time off work and came along to assist. We couldn't do this without your support.

We have also been busy interviewing prospective students for our additional Year 6 class next year. It is such a delight to meet these young people and their parents. Mrs Christine Martin and Ms Melanie Hall make all of these interviews happen and we work together as a team.

With all that behind us, I wish you a very refreshing term break for those who get one, and encourage all Junior School children to head outside and enjoy the real world.

*The world is the one that lies before your feet
And the people that we meet
The smells, the sounds, the sights, the skies
Tell the world that you are ready and it replies
You see I'm not sure what the secret to happiness is
But I'm pretty sure it starts when you go outside.*

- Tom Rosenthal

CURRICULUM MATTERS

A BALANCED CURRICULUM

This term has been one of many opportunities and experiences for our students. In his book 'Creative Schools' (2015), the late Sir Ken Robinson reiterates the need for 'more balanced and individualised and creative approaches to education.' He was a vocal proponent for areas such as the arts, being equally valued and accessible for students as our more traditional subjects. The following is a snapshot of some of these that Junior School students have been able to experience and learn in and through just this term:

- **Junior School Musical: Madagascar** - auditioning, learning lines, singing, dancing, acting, how to use camera angles, project voices, do retakes, and work in behind-the-scenes technical aspects, in our filmed version of this musical.
- **Junior School Bands and Choir** - taking their personal instrumental and vocal skills and efforts to become a part of a larger musical experience.
- **SAPSASA Sport** - training and competing in netball, soccer, basketball, football representative teams.
- **Science Week** - learning about ocean-related concepts and threats to our oceans from building wave simulation machines and lava lamps in Year 6, to melting coloured iced layers of the ocean to free and identify marine animals in Reception, and a range of fun ocean activities in the library at lunchtimes.
- **Camps** - for further developing independence, resilience, personal challenges and goals, work in teams, make new friends and embracing new experiences.
- **Excursions** - to add to their understanding of current units they are studying such as the recent Year 1 excursion to Cleland Wildlife Park- always a wonderful learning experience where students had up close experiences feeding and befriending Australian animals in a multitude of natural habitats.
- **EcoClassroom** - an ongoing brilliant resource that our students regularly access for their Science and Humanities and Social Science units of learning.
- **Service Learning** - Challenge 4 Charity where students brainstormed a variety of ways to fundraise and explore what service to others is, ranging from 'chalking for charity' affirmations on our brick pathways to 'Great Race' challenges.
- **Technologies** - finding ways for student led conferences and grandparents' sharing of student learning.

Our curriculum is indeed broad and balanced, beautifully supported by our outstanding school grounds and resources.

Mrs Ali Thacker

ASSISTANT HEAD JUNIOR SCHOOL: TEACHING AND LEARNING

from the JUNIOR SCHOOL

YEAR 6 CHALK 4 CHARITY

This year through Challenge 4 Charity, we raised money for Australian Lutheran World Service and our Cambodia Service Partnership through Mission International. The Year 6s raised money through our very own 'Chalk 4 Charity' event.

Earlier in the term, the Year 6 cohort came together to brainstorm some ideas we could action through this year's Challenge 4 Charity event. We had lots of interesting ideas, but the one receiving the most votes was 'Chalk 4 Charity.'

The plan was to fill the Junior School 'Ridge' path with kind, inspiring quotes and images, so that when people walk up and down the path, it would bring light into their day. This concept of 'lighting up' people's days also reminded us of this year's school theme – 'gathering together in light'.

We set the task that for each quote we wrote, we would get sponsored by family members or friends to donate a certain amount of money per drawing. In the end, the path was full from top to bottom with colour and joy. We had 30 minutes to try to fill this huge path, which was a big challenge for all of the Year 6s, and we succeeded! When the time ran out we took photos of all the quotes and art that we had created and posted it on Seesaw to give proof to our sponsors.

Our aim was to make those who walked along the path feel loved, empowered and encouraged to enjoy the rest of their day, no matter what challenges they were facing. Some of our quotes were, 'keep going, keep growing', 'the world needs you', 'be positive', 'if you never try, you'll never know', and 'prove them wrong.'

We completed our challenge on Monday 14 September and are very proud of ourselves for gathering together and creating a positive walkway.

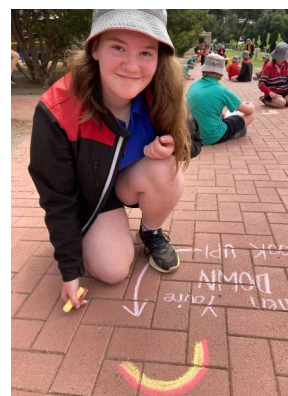

We are hoping we were able to bring light into our school, and hopefully to the lives of those who need it most; not only within our local community, but around the world through the money we raised. Through 'Chalk 4 Charity', the Year 6s raised \$1,800!

Here's a snapshot of our art and some comments from our friends.

'I enjoyed doing chalk drawings and getting out of the classroom.' **William Neville**

'It was cool writing things. It was really fun and once it was over it looked better than I thought it would! The drawings all looked really good.' **Isaac Afonso**

Addison Jones and Anna Goad
YEAR 6 STUDENTS

from the JUNIOR SCHOOL

JUNIOR SCHOOL MUSICAL - MADAGASCAR

I started planning for our Junior School Musical last year and there was no way that I could have predicted what our musical in 2020 would look like at that time! We had pictured three performances on the stage at the Hopgood Theatre, Noarlunga, with a full house for each performance and a full theatre experience for our students. This year was going to be a little different in the fact that we would have a cast from Year 3-6 as our Junior School numbers are now too large for the theatre.

When COVID-19 hit early this year our first thoughts were to cancel the musical as it would not be at all possible to work under the COVID-19 restrictions and we did not even know if schools would be open. I have been truly blessed with an amazing Production Team, and so Liz Bentley and I sat down and drafted out a plan of action that had four outcomes including a full theatre production down to cancelling all together. We came up with a proposal to film our musical here at school using the resources of the Drama Studio. As this musical was a 'ready made' musical we had to then apply for the performance rights to be changed from the publishers. All this took a long time, but we decided to continue with our auditions and rehearsals as if all was going ahead. Luckily the production company agreed to our change of plans. Auditions were held and we had around 45 students applying for the various main roles and we were amazed with the talent that come forward.

Our main cast (the Zoosters) consisted of **Adam Haire** (Alex the Lion), **Billie Liapis** (Marty the Zebra), **Maddie Marchetti** (Gloria the Hippo) and **Emily Hart** (Melman the Giraffe). This cast was tireless in their rehearsals and commitment. **Isaac Afonso** was Skipper the main penguin, **Friedrich Hillen** was Mason, our cheeky chimpanzee, **Stefanie Garrod** played a very convincing King Julien and **Jacob Mashford** was King Julien's right hand Lemur, Maurice. Year 3 were the scary 'foosa', Year 4; the penguins, Year 5; the lemurs and Year 6 played the part of zoo visitors and citizens of New York City.

We were very fortunate to be able to employ two theatre technicians, Clinton Camac and Mark Oakley who added incredible lighting effects and sound to our production. Our students ended up having a real theatre experience, but here at school!

Thank you very much to Rachel Overstreet and Kay Digby for our costumes, Sharmayne Crowe for creating our amazing sets, Liz Bentley for her wisdom and direction as Production Manager, Mauro Ferrari for his incredible filming and post production skills, Greg John for his photography expertise, parents who volunteered to help with costumes and our Junior School staff for their support throughout this whole process.

We are planning a 'red carpet' event in Term 4 when the editing is completed and we know more about restrictions at that time.

It is such a blessing to work with the students in our Junior School on a musical and we are very fortunate to be able to call on the expertise of staff across the school to help us put on a quality performance that students will remember for years to come.

Mrs Sue Matena

The Tatachilla

Arts Academy

Compelling stories, brilliantly told.

from the head of **MIDDLE SCHOOL**

SERVICE LEARNING – TRANSFORMS OURSELVES AND THE WORLD

At Tatachilla we intentionally provide ways for our young people to lead and serve another person and the planet, where they are not just impacted for a moment, but for eternity. We believe that Service Learning should be a transformational

experience for those we serve and ourselves. When the heart, hand and mind moves together, we offer the learner the opportunity to experience acts of service, reflect on their actions and see the outcome of their service.

Our Year 9s this term have been challenged through a transformational learning process in Crossroads which called them into a deeper reflection of why we serve before we act, and getting to know the story behind the person. Each student interviewed a person who was older than them, who had faced adversity in their life and were able to move through these times. Through these interviews, students recognised the innate dignity of each person and how we can make a life changing move past tolerance towards understanding.

This challenge was extended further as Year 9s heard the stories from Senior School students and staff who have been a part of the service projects in the Northern Territory, Cambodia and Shepparton in Victoria. Our Year 9s encountered the real difference we are making in the lives of others in these communities and responded by creating a stall to raise money towards our Cambodia service project through Mission International and Australian Lutheran World Service; Walk my Way.

CHALLENGE 4 CHARITY

On Friday 18 September, Week 9, the Main Courtyard, Amphitheatre and Junior School Courtyard were full of joy, purpose and community as we came together for Challenge 4 Charity 2020. Our Year 9s displayed entrepreneurship, as they created campaigns for their stalls, organised donations for the stalls, used their financial skills to budget for resources required, creatively designed their stalls and served the customers that came to support the cause with a thankful heart.

Thank you to every parent, teacher and student who supported students in their fundraising activities leading up to Challenge 4 Charity, and on the day, to help them see that they can transform another person's life. Our brothers and sisters in Christ around Australia and the World are richly blessed by our community, as we continue to respond to the call; to lead is to serve.

TIME TO REFLECT AND CELEBRATE

As we conclude Term 3 of 2020, we take time to stop and reflect on our how we have embraced our concept in the Middle School; 'growth mindset and positive risk taking'.

When parents come to view the Semester 2 Interim Reports with your child, it is an opportunity to ask positive questions such as;

- What challenges have you worked through this term?
- What have you learnt about yourself through these experiences?

We challenge parents to see the Interim Report as a prompt to a discussion with your child that can help to set real and achievable goals to end 2020 positively.

These Semester 2 Interim Reports will be available through SEQTA: Engage on Friday 25 September. To access the Semester 2 Interim Report which gives an overall interim grade for each subject, as well as work habits for the term, please visit SEQTA: Engage and click on the reports tab and you will find your son or daughter's report there. Written comments can be found on SEQTA: Engage against formative and summative tasks throughout the term.

Parents' involvement and investment in genuine dialogue and reflection with your child enhances the value of the assessment and reporting process. Taking time to read the feedback with your child, and listen and talk about their learning progress, helps them to celebrate their achievement and mutual goal setting.

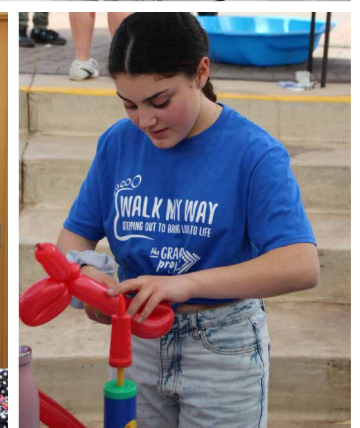

Additionally, we encourage you to participate in your son or daughter's learning through active communication and partnership with teachers. Please do not hesitate to make contact with your child's teachers early in Term 4 to start the term in a positive and proactive way.

May the holiday break offer some respite for you and your son or daughter and provide a time for reflection and renewal as we prepare for the final term for 2020.

Every blessing,

Ms Sarah Hoff-Zweck

YEAR 7 'WATER IN THE WORLD' EXCURSION

On Friday of Week 7, the Year 7 cohort had a wonderful day out exploring the Onkaparinga River. Students consolidated their understanding of the 'Water in the World' unit and looked at both the human impacts and management strategies at a variety of sites in the region.

Students either started or ended the day at the impressive Mount Bold Reservoir and we worked our way up or down the Onkaparinga.

Students used their skills developed in the Bandicoot unit in Science to look for macro-invertebrates in Clarendon and had a lovely walk on the beach from Port Noarlunga to the river mouth at Southport.

Miss Minka Locke
MS HUMANITIES LEARNING LEADER

from the SENIOR SCHOOL

YEAR 12 PHOTOGRAPHY EXHIBITION

The 2020 Year 12 Photography Exhibition was on display in Week 8 and showcased the outstanding work of our two Year 12 Photography classes. The exhibition was held in the College Gym Foyer and was very well received by attendees including teachers, students, Fleurieu Living Magazine Directors, as well as community and family members.

All students produced creative, unique and thought-provoking work including themes such as; diversity, absorbing forces, wild portraits, identity, fears, climate crisis and blind colour, just to name a few.

The Principal's Choice Award went to **Jay Van Dam** for her striking 'Being Silenced' double exposure portrait. The powerful black and white piece depicted Jay's mother as a child and at her current age.

The 2020 People's Choice Award was won by **Oliver Brunton** who received over fifty votes for his highly emotive 'realism' themed exhibit. **Loki Hall** received the Fleurieu Living Magazine Internship Award. This fantastic opportunity will provide him with industry experience working alongside professional photographers, designers and editors in 2021 at Fleurieu Living Magazine.

Congratulations to all Photography students on an outstanding year of creative, dynamic and emotive photography.

Mr Trent Heaft PHOTOGRAPHY TEACHER

Throughout the past two years, I have grown an interest and hobby in photography, as I love being creative through practical aspects such as; building, drawing, and now photography. I am very grateful to win this award. Showcasing the hard work and improvement made throughout the year, not only by me, but also my peers, at an exhibition and the fact that these photos came across as engaging and meaningful to the viewers, feels like such a success.

For the exhibition, my theme was showcasing youth culture in a cinematic and surreal way using the title of 'Realism'. Without using any description of my photos, I hoped that the audience would perceive each photo their own way and find different meanings in the photos.

Oliver Brunton PEOPLE'S CHOICE AWARD WINNER

It was an incredible privilege to receive the Principal's Choice Award for the 2020 Year 12 Photography Exhibition.

It was a great surprise as the quality of this year's exhibition was outstanding. My five piece series entitled 'Identity' focused on five individual subjects. I was privileged to interview them about their lives, focusing on the rawness of their lives and the challenges each person faced. In doing so, I was able to connect with the subject and in my best efforts to reflect their identity, I photographed the subjects.

The winning image is entitled 'Jay Van Dam, Identity, Being Silenced.'

Jay Van Dam PRINCIPAL'S CHOICE AWARD WINNER

Jay Van Dam with Interim Principal Mr Noel Mifsud

Loki Hall with FLM Directors Jason Porter and Petra de Mooy

Oliver Brunton - People's Choice Award Winner

Jay Van Dam's 'Being Silenced.'

from the **SENIOR SCHOOL**

YEAR 12 PHOTOGRAPHY EXHIBITION

Being provided with an opportunity to work with professional photographers, and grow my skills in photography is absolutely fantastic. I intend to study photography at university, meaning this internship is a stepping stone and insight into life as a professional photographer. I am truly in love with the art and will utilise this opportunity to it's fullest potential. Creating my set of portraits has been an incredibly emotional journey as each image evokes differing emotions. To maintain interest and engagement, I did not provide an explanation for any of the five images at the exhibition as I wanted audiences to interpret them themselves. If you wish to see all of my work, visit my Instagram page, @lokihall

Loki Hall

FLEURIEU LIVING MAGAZINE INTERNSHIP AWARD WINNER

YEAR 10 OUTDOOR EDUCATION EXCURSION

As part of the Outdoor Education program, students worked with Friends of Onkaparinga and National Parks Senior Ranger, Steve Johnson.

Students were exposed to different strategies in weed management and control as well as techniques to help eradicate the introduced olive bushes using a 'drill and fill' technique.

As part of the day students walked down to the Onkaparinga River (referred to as the 'Womens' River' by the traditional Kaurna people) with day packs in preparation for their upcoming Year 10 Outdoor Education Bushwalk experience.

This was a time for managing the weight of their packs, calculating the time for the declination and inclination in elevation gained/lost as well as testing out appropriate footwear.

Mr Ben Woodhouse

OUTDOOR EDUCATION TEACHER

YEARS 9 AND 10 JAPANESE

Years 9 and 10 students studying Japanese had the opportunity to explore first-hand the culture of Japan on a recent excursion. We visited the Japanese Himeiji Gardens (where students learnt about the 'zen' garden and compiled a range of Haiku poems), Japanese stores, the 'Samurai' exhibition at the SA Art Gallery, and experienced a traditional Japanese meal. It was a great day where students could further make deep connections with their own learning so far about the Japanese language, culture and ultimately – it's people. Thank you to Lee sensei and Ward sensei for leading this excursion.

OPEN GIRLS NETBALL

Congratulations to the Open Girls Netball team who competed at Priceline Stadium and finished 5th in the State. What a great achievement girls - be proud!

Tatachilla were defeated by Immanuel earlier in the day by 3 points. (the overall State Champions.)

Immanuel defeated Tatachilla 23-20.

It was a very close, competitive game once Tatachilla warmed up and settled the nerves. It was show time on centre court at Priceline stadium. The game was goal for goal and a very tight competition. Our girls took it to the team that at the end of the day became State Champions.

Tenison Woods defeated Tatachilla 30-20

After a tough game against Immanuel and Tenison Woods coming off the break, Tatachilla had tired legs and took the majority of the game to get into it. Tatachilla created some opportunity but had difficulty getting the ball into their attacking end. Unfortunately Tenison Woods had a run of turn overs and the game was out of reach for Tatachilla in the end. The girls showed patches of great play throughout the game.

Tatachilla defeated Mercedes 29-24

Coming out of 'Pool A' in 3rd position sent Tatachilla into the final against Mercedes. Tatachilla played an awesome game with most players stepping on the court throughout the game. The girls got stronger and stronger as the game went out. The score stretching out to 10 at one point, but tired legs crept back in with Tatachilla holding on to the lead, defeating Mercedes by 4.

It was a very tough and competitive day of netball. The girls noticed the step up of game from previous rounds played. Well done and thank you to the three Year 12 players; **Krystal Anderson-Ives, Amber Bussenchutt** and **Madison Rankine**, who have played their last game for Tatachilla. Thank you to the Year 9 girls; **Bella Broadstock, Bella Kolencik, Abby Stock** and **Jorja Fleming**, who stepped up into the Open team when injuries crept in. With the majority of the team eligible to re-run next year (**Luella Schroder, Aaleya Turner, Emily Smith, Georgia Upitis** and **Jade Deacon**,) the netball strength and depth at Tatachilla has a bright future.

Mrs Jenna Fowler
NETBALL COACH

AADP / ATHLETICS PRACTICE

On Thursday 17 September our Year 9 Advanced Athlete Development students lead the SAPSASA District Athletics team practice for our Tatachilla team. The selected athletes from Years 4-7 were able to run through their events and take part in a friendly competition in the lead up to SAPSASA District Day which will be hosted here at Tatachilla on Friday and Sunday of Week 1, Term 4.

It was great to see the Year 9s offer their support, encouragement and tips for improvements to the young athletes. We look forward to watching the students compete next term.

Miss Tonia Fielke, Mr Ben Woodhouse and **Mrs Fiona Gore**
SPORTS AND PE COORDINATORS

from the SPORTS FIELDS

INDIVIDUAL ACHIEVEMENTS

- Congratulations to Year 12 student **Krystal Anderson-Ives** and Year 11 student **Aiieya Turner** who have been selected in the 2020 Netball Australia National Centre of Excellence. This is an outstanding achievement for the girls, being recognised as the best netballers in Australia for their age.
- On Thursday 27 August **Tyson Hollitt**, Year 4 student, represented himself and the school in the qualifying round of the State School Golf Championship. He presented a commendable manner and competed against some excellent competition. He was consistent all day and only just missed the qualifying cut by one shot! A great effort Tyson. Thank you for representing the College with such pride and positivity.
- **Maison Hunt**, Year 2 and **Leiella Pagon**, Year 7, represented Tatachilla at the Interschool Equestrian Competition. We congratulate Maison on being declared the South Australian State Primary Show Horse Champion and Leiella on becoming the Intermediate Disciple Champion and Reserve Champion. The girls were excellent ambassadors for the College.

SAPSASA DISTRICT TEAMS

Our Onkaparinga South AFL team showed determination and tenacity at the recent School Sport SA SAPSASA State Carnival.

Facing quality opponents for the first time in Metro Division 1, the boys showed high skill levels and upset some more-fancied teams. Coaching SAPSASA for the first time, teacher Luke Remfry instilled enthusiasm and mutual encouragement. The team finished equal-fifth in the competition. Special thanks to all players who represented our district, and to the great band of helpers and supporters who attended.

Our Netball girls finished equal 6th of the teams competing in the new Metro Division 1 grade.

Congratulations to the team, it's great players and supporters. Our thanks also to Coach Kristie Hentschke.

Manager Rhonda Fielke was proud of the team and their achievements. This is Rhonda's last year as a SAPSASA Teacher. We thank her for her great contribution to sports in the Onkaparinga South SAPSASA District.

NETBALL ACADEMY

During Term 4, 2020 Taught and Bowled is offering aspiring netballers the chance to be involved in a Netball Academy program. The program is offered to netballers of all abilities from ages 9 to 15.

The program will focus on technical and tactical skill development and progression as well as core strength and fitness. Squad members will take part in netball specific testing and receive take home programs to improve their ball skills, footwork, balance/core strength and fitness. All participants will receive a training singlet, drink bottle and backpack.

We have added a nutrition/preparation/recovery session to the program this year that will be delivered by nutritionist and former AFLW player Georgia Bevan. Netball sessions will be delivered by accredited and experienced coaches who will work with the participants throughout the entire program.
