

tatachilla NEWS

TATACHILLA
lutheran college

Term 2 | Week 6 | Friday 8 June 2018

from the head of **SENIOR SCHOOL**

We are blessed to enjoy a unique and wonderful environment in which to live and learn at Tatachilla Lutheran College. On Friday of Week 5, we celebrated the official opening of the Art Gallery Space in the Food Technology and Art Building. This is a wonderful space for the display of Middle and Senior School student work and for staff and students to walk through and appreciate. Constantly changing, the exposition of drawings, paint work and pottery across a range of year levels is a celebration of individual talent and collective exploration of skills. It's a joy to walk through or sit and admire the work and artists' statements to support the purpose of their displayed art.

AUSTRALIAN BUSINESS WEEK

Preparations for Australian Business Week are well and truly underway thanks to the program coordinator Dr Susann Phair. Thanks also go to our mentor volunteers who will meet for preparation for the event on Thursday 14 June in the EcoClassroom. Students can look forward to a week of challenge, innovation and business skill building as well as a simulation of working in the real world with real-life problems to overcome. ABW will take place in Week 9 of the term prior to, and in preparation for work experience.

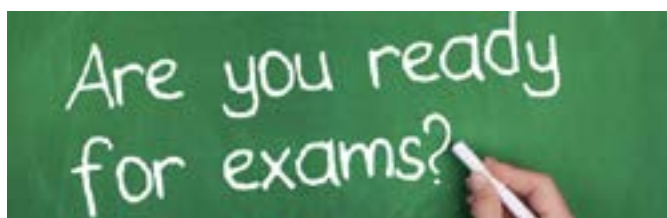

WORK EXPERIENCE DAY

In readiness for their work experience during Week 10 of this term Year 10 students experienced a day of preparations involving, education about rights and responsibilities, work health safety and advice about what to do in the event of feeling unsafe in the workforce. Students attended a variety of sessions with their PLP teacher to prepare for their week of experience in the adult world. Should you have any questions or require clarity on the expectations of this week, please contact, Mrs Tracy Templeman here at the College.

from the head of
SENIOR SCHOOL cont...

EXAMINATION PREPARATION FOR YEARS 10 & 11

With only a short amount of time remaining before exams, students are encouraged to make the most out of Revision Week during Week 7. Following your teacher's guidance and revising the materials provided during the week are vital to a successful preparation.

Students are reminded that attendance at examinations is compulsory. Catch-up opportunities will be made available should an exam be missed.

During the exam period, students in Year 10 are expected to attend school in the usual manner for the full day.

Year 11 students are only expected to attend for their exams. Supervision will be provided for those who nominate to attend full time during this period to promote productive study time.

CLASS REPRESENTATIVES

Class representatives, together with their Home Classes, Year Level Coordinator and the Assistant Head of School: Student Wellbeing have been working on a number of year level specific matters.

Year 12 students have been busily making arrangements in preparation for their Formal to be held on Friday 22 June, (Week 8). We wish all Year 12 students a special and memorable formal event. Parents/Caregivers are reminded that Friday 22 June is a pupil free day for Year 12 students.

Class representatives in Years 10 and 11 have been discussing design ideas for their respective corridors. Since student lockers have been moved from the corridors, it is hoped that student contributions to update the corridor design will permit the College to provide spaces that are desirable and useful for student needs. I am looking forward to hearing the collective suggestions of each year level and will keep you posted on the progress.

Yours in Christ

Mrs Marylyn Marshall
HEAD OF SENIOR SCHOOL

from the
SENIOR SCHOOL

UNISA SPORT AND ADELAIDE CROWS TRAINING SESSION

Last week UniSA Sport and the Adelaide Crows hosted a co-coaching session at UniSA's new Pridham Hall and Year 12 student, **Henry Mathews**, was selected as one of the 33 winners to participate in the co-coaching session.

The UniSA Sport and Adelaide Crows training session was for high school students across Adelaide who have an interest in studying Human Movement or Sports Science. The winning students participated in a co-coaching session facilitated by UniSA Sport and had guest appearances by Adelaide Crows players, Richard Douglas and Bryce Gibbs. The students participated in a number of training stations including grip strength test, vertical jump test, agility test, handball drill and sprint test.

SCIENCE CLUB

Science Club meets every Friday at lunchtimes. So far we have tried our hand at electroplating, made electricity from fruit and experimented with light kits. The club is for students in Years 7-12 and all are welcome. In coming weeks we look forward to making slime and other investigations suggested by the student members of the club.

Mrs Tracy Templeman
CAREERS COORDINATOR

from the head of **MIDDLE SCHOOL**

MIDDLE SCHOOL STEM CENTRE OPENING

We were honoured to officially open the Middle School STEM Centre on Tuesday 5 June. Our new state of the art Middle School STEM Centre was officially opened by the Hon. Mr David Fawcett, Senator for South Australia. We were also delighted to have many special guests with us including, the National Director of Lutheran Schools, Mr Stephen Rudolph; Executive Director of the Association of Independent Schools SA, Ms Carolyn Grantskalns; College Council Chair, Ms Sarah Anthoney; and past Design Technology teachers, Mr David Salisbury and Mr Paul Lambert, as well as College Council Members, local Lutheran Pastors, and parents and friends of the community who had contributed to the fundraising campaign for the facility.

We were also very proud of the way our Year 7 students showcased their learning and innovation in Design and Digital Technology, Maths, Science, the Environment and Art. As part of the opening I interviewed **Olivia Mackenzie** and **Annabella Broadstock** about the STEM project they are currently doing and here are their insights:

Can you share with us the concept you have been exploring in the STEM project?

Olivia: We have been researching on how to bring back the Southern Brown Bandicoot in Maths and Science. This includes going down to the EcoClassroom and designing a new enclosure for the bandicoots to live in.

What have you found out about Bandicoots?

Annabella: They are an endangered species. Sometimes people mistake them for rats and they kill them with poison. Also, feral cats and foxes like to eat them. We learnt that they have become an endangered species as their habitat has been destroyed in our local area through development.

Olivia: In Science we have been learning about biotic and abiotic organisms and dichotomous keys and human impacts on the environment. The bandicoots have been our main focus, mostly researching their habitat and diet along with finding out what they need to survive.

Annabella: In Maths we have been learning about measurement. We've been looking at area, perimeter, volume and putting objects to scale. We have been putting together a map with our groups of what we would like to see in the new EcoClassroom enclosure look like. Shortly, we will be building a 3D model of our map design.

Through Design & Digital Technology, explain how what you have learnt in these subjects will help you present your proposal to bring back the Bandicoots.

Olivia: With our laptops, we have been able to explore different ways of presenting projects. In Digital Tech, I am thinking that we could use hyperlinks and loops to create an interactive map to explore the enclosure in a different way.

Annabella: The Year 7s have also been learning how to use the 3D printers and how to make websites. I'm thinking we could use the skills we have learnt in Digital Tech and Design Tech and put them together. In Design Tech, we use the 3D printers to produce things, whereas in Digital Tech, we can use our laptops to design things such as 3D maps and programs.

It was wonderful to hear how students are creating concepts that we have not seen in our community before. We do not have an interactive map of the EcoClassroom or a 3D model, but it is through a STEM approach to learning that our young people are creating, making and innovating.

We invite Year 7 parents to an exhibition of learning at the end of the term to discover more about the innovations that have occurred in their learning. We also invite new families to come to a tour find out more about the Year 7 experience for 2019 and beyond.

from the head of **MIDDLE SCHOOL cont...**

YEAR 7 COLLABORATIVE ART MURAL

This week we were also delighted to reveal the Year 7 Collaborative Art Mural. All students in Year 7 rotate specialist subjects in Art, Music, Drama, Design and Digital Technology. By the end of the year students will transfer skills and understanding across Art and Design Technology through creating a leaf that will be a part of the outback tree.

Every leaf on this outback tree represents the vibrant and expressive colours of our current Year 7 students. Without each individual student, there would not be the beautiful rainbow of colours you see; which makes up the whole leafy tree. At the end of each year the leaves are taken home by students to represent their first year of Middle School and the tree becomes bare ready for a new cohort of Year 7s to begin their journey.

Thank you to Mrs Skye McVicar and Mr Ian Proeve for guiding students in forming this collaboration between Art and Design Technology. We encourage you to drop by the Year 7 Centre to see the mural in person.

Blessings for the week ahead.

Ms Sarah Hoff-Zweck
HEAD OF MIDDLE SCHOOL

R-7

GRANDPARENTS & SPECIAL FRIENDS' DAY

Grandparents were warmly welcomed to visit their loved ones last Friday for our 2018 Grandparents and Special Friends' Day.

Highlights included our special visitors enjoying the Junior & Middle School Concert, visiting the classrooms where they played games, viewing the students work, and attending the Book Fair. To end their visit they were treated to a lovely baked scones morning tea and sandwiches for lunch in the gym.

We thank each visitor for joining us for the occasion – your presence means so much to the very special young people at Tatachilla.

Mrs Kay Digby
FINANCE & ADMINISTRATION OFFICER

from the head of **JUNIOR SCHOOL**

GRANDPARENTS & SPECIAL FRIENDS' DAY

A highlight of this year's Grandparents and Special Friends' Day was when I looked out over the sea of appreciative and supportive faces in the audience during the concert presented by students from the Junior and Middle Schools. Our visitors warmly received the JS Choir, Aspire, the Year 7 Vocal Band, the Year 6 poets, the JS Band and the Year 2s, who provided an enjoyable and inspirational selection of songs and poems.

Many of our visitors were taken on tours of the College, visiting favourite play spaces, the Activity Centre and the Art Room; some even went as far as the Middle School to see the new STEM facility. As it was last year, the Book Fair was another popular destination, and we are grateful for the way our visitors supported this fund-raising initiative.

Thank you to all families who took part in this wonderful community event.

Mr John Dow
HEAD OF JUNIOR SCHOOL

EXCELLENCE AWARD

This week, **Anna Goad** from 4A, and **Maddison Maurice-Jones** in 6B, received Excellence Awards for their contribution to the Junior School. As always, it is a delight to read the citations and hear about the positive qualities these girls bring to their classroom communities.

UNIFORM UPDATE

Junior School boys may now wear shorts all year round. If boys choose to wear shorts in Terms 2 and 3, they are to be worn with the white winter shirt. Until we complete the review of the College uniform, a short for girls will not be made available, but as with trousers, girls may wear the boys' shorts if they choose to, also with the white winter shirt.

3B ECOCLASSROOM VISIT

This term Year 3 students have had the opportunity to visit the EcoClassroom and be involved in interactive and hands-on sessions. These sessions have explored local Indigenous Kaurua culture, the local environment and sustainability.

Our Environmental Coordinator, Mrs Dolores Amos, provided students with a 'bush tucker' tour of the EcoClassroom and shared her knowledge about Kaurua traditions, language and culture. The students learnt how the Kaurua people used resources from their natural environment for food, clothing, shelter and medicine.

Mrs Karen Lawrence, Environmental Officer, helped the students to explore how the past has shaped our present environment and what impact colonisation has had on native fauna, vegetation and natural systems.

Last Wednesday after assembly Mr Damien Weber visited the 3B classroom and played his didgeridoo with his daughter, Nara. Mr Weber shared knowledge about his culture and explained how his didgeridoo was formed. The students enjoyed the unique sounds produced through the didgeridoo and enjoyed identifying the different animals.

It has been wonderful to see students engaged in EcoClassroom and outdoor learning, making new connections about their local community and learning more about our local Indigenous culture.

Mrs Catherine Galdes
YEAR 3 TEACHER

around the **CAMPUS**

RECYCLING 3D-PRINTED PLASTIC

The College has recently signed up with The DCycle Program. The program takes waste plastic from the schools 3D printers (we have four 3D-printers in the Design and Technology building and three in the new STEM Centre) and turns it into new 3D printing filament.

3D printing is the process of building three dimensional models by successively adding layers of molten plastic. The working principle is similar to that of a hot glue gun. The plastic used is in a string like form, known as filament, and is wound on a spool for use.

The College uses Polylactic Acid (PLA) as its preferred printing filament. PLA does not produce unpleasant fumes when printing, it is strong and durable yet is also biodegradable, unlike most other plastics, as it comes from plant-based products rather than from crude oil.

Sometimes prints fail, sometimes the 3D-printed model needs supports or a 'raft' to help it print. When this happens the plastic is usually discarded. Now, with the help of the DCycle Program, Tatchilla Lutheran College can continue to reduce landfill and look after the environment.

To become involved, support or ask questions about the program, contact Daniel Williams at Dc3dprint@gmail.com

Mr Jim Brown

DESIGN AND TECHNOLOGY TEACHER

SCHOLASTIC BOOK FAIR 2018

This month, Tatchilla hosted the Scholastic Book Fair, during which students, parents and the community had the opportunity to purchase from a range of children's picture books, novels and non-fiction titles. We are particularly grateful to all of the grandparents and special friends who visited and supported us in this way during their recent tour of the College.

As part of this event, students were also able to enter a 'lucky draw' to win one of two \$30 book vouchers. Congratulations to **Mitchell Smith** (Yr 2) and **Kaitlyn Davis** (Yr 4) who were the recipients of this prize. The Book Fair is an annual fundraising effort that has assisted the College to acquire a range of new book resources for the Library.

Ms Louise Catt

R-12 LIBRARY COORDINATOR

LITERACY AND NUMERACY VENTURES

I am excited to share that throughout this semester, opportunities have arisen for students to be involved in supplementary literacy and numeracy ventures.

Students were invited to join Mrs Thacker, Mrs Norman or me if they had an interest in fictional story writing or poetry writing. Mrs Norman worked closely with a group of Year 4 students who have been writing fictional pieces to be entered into the SA Young Writer's Award. Students could write about a topic of their choice in up to 1000 words. This eager group developed understanding of how to generate interesting story ideas; how to produce a sizzling story opener and how to capture and maintain the reader's attention.

In addition, Mrs Thacker and I have worked closely with small groups of students across Years 3-6 with a focus on poetry writing. Students have been practising various poetry techniques before creating their own poem for submission into the Dorothea Mackellar Poetry Awards. The theme for the 2018 competition is 'Promises I Keep' and students have enjoyed being immersed in different styles of poetry writing before crafting their own poem.

Every year schools from across Australia and New Zealand and other neighbouring countries compete against other schools in the Australasian Problem Solving Mathematics Olympiad Competitions. This year Mrs Southern is coordinating a Junior School team throughout Terms 2 and 3. The main aim of these competitions is to develop children's problem-solving skills in an enjoyable environment while developing efficient strategies and resilience when solving mathematical problems.

Mrs Karen Turner

JUNIOR SCHOOL LEARNING ENHANCEMENT COORDINATOR

from the **OFFICE**

ANNUAL REPORT 2017

As part of the requirements under the Commonwealth Government, schools are required to publish an Annual Report which outlines areas relating to NAPLAN outcomes, Year 12 Results and student attendance from the previous year.

The 2017 Annual Report has been compiled and is now available on the College website. You can locate this at www.tatachilla.sa.edu.au then click on the 'News' tab where you will see a link to the 'Annual Report'.

We thank the Commonwealth Government for their ongoing support and commitment to all students across the country.

Mr Cain McDoanld
PRINCIPAL

CANTEEN NEWS

The online ordering through FlexiSchools is growing in use and with only a few glitches is working well. We hope it is a service that helps with the busy lives we all lead.

Both methods of ordering, either through the lunch bag system or FlexiSchools enable the students to choose from the broad range of lunch and recess foods available and have it ready for them. Whilst some foods are available for over the counter sales, sometimes students can miss out or not have what they would prefer, unless they order.

VOLUNTEERS

Canteen volunteers are needed for Monday mornings 8.45-9.30am and Fridays 11am-1.30pm. Please contact me at the Canteen on Tuesdays, Thursdays or Fridays between 8am-3.30pm or text a message to 0437 292 697.

Mrs Therese McCrackan
CANTEEN MANAGER

PAYMENT OF FEES

Parents/Caregivers contribute fees towards their child's schooling at Tatachilla Lutheran College. Receiving fees in a timely manner allows us to continue providing classroom resources, excursions, camps and importantly pay our staff wages. Please review your account and contact our Finance Office if you have any questions.

Are your fee payments up to date? For parents/caregivers on Direct Debit please ensure that the required funds are available in your account for each withdrawal. If funds are not available, then contact will be made with you to arrange a make-up payment.

If you have not completed your registration for Direct Debit please do so as a matter of urgency. In the meantime, please ensure your College account is up-to-date. Please contact the Finance Office, 8323 9788, if you need a Statement or wish to make a payment.

VOLUNTARY BUILDING FUND

Donations to the College Building Fund are tax deductible. As the end of the financial year draws closer you may consider making a payment to the Building Fund to be able to claim on your tax return.

Making a donation is easy, please contact our Finance Office on 8323 9788 who can assist.

community **ANNOUNCEMENTS**

MCLAREN FLAT TABLE TENNIS CLUB: Come and Try nights. Monday nights 7-9pm McLaren Flat Hall. Beginning Monday 18 June. All welcome.

AIE HOLIDAY COURSES: AIE are holding the following short introductory courses in the July holidays. Introduction to 3D Animation, Game Development in Unreal. Open to 12 years+. 3 day course: \$350.00. Hours of campus supervision: 9.30am to 3.30pm. Go to http://www.aie.edu.au/courses/holiday_courses/Adelaide_Holidays

LE CORDON BLEU HOLIDAY COURSE: The Le Cordon Bleu, TAFE SA Regency Park Campus, is holding a 3-day residential course for students in Years 10-12, 18-20 July. The program includes a visit to a 5-star hotel, a chocolate patisserie demonstration, industry workshops and a hands-on canapé practical session with a top chef. Contact Mrs Tracy Templeman, Careers Coordinator, for a brochure or visit <https://www.cordonbleu.edu/adelaide/three-day-career-residential/en>

MCLAREN VALE LUTHERAN CHURCH - GIFT SERVICE:

The St Paul's Lutheran Church McLaren Vale, invites you to their GIFT Service on Sunday 17 June, 9.30am. The theme for our Term 2 GIFT service is Pentecost, and we will be celebrating the coming of the Holy Spirit at Pentecost, 50 days after Jesus' resurrection, and the Spirit's continuing presence with us today.

At St Paul's Lutheran Church we have been reflecting on what it means to be 'church' in McLaren Vale, and are endeavouring to reach out and serve the families of the region while at the same time enriching our own community.

One of these new innovations is - GIFT (Generations In Faith Together), an intergenerational worship service that will involve people from all ages engaging in activities that focus around a theme. There will be drama, craft, a service, and singing, accumulating in a shared meal. GIFT services will be held once a term.

For more information, contact Pastor Tim Castle-Schmidt on 8323 8738.

from the SPORTS FIELDS

OPEN GIRLS VOLLEYBALL

On Tuesday 15 May, **Kiara Upitis, Hayley Brown, Charli Zimmer, Gabby Scarpantoni, Lily Gregg** and **Sarah Williams** represented Tatachilla as our Open Volleyball team, and competed in the Zone competition at Seaford Secondary College. The team competed against Eastern Fleurieu, Mt Barker, Reynella East and Victor Harbor and were competitive through all of these matches. While we did not come away from the day victorious, the team showed improved skill development and teamwork from last year, displayed very good sportsmanship, fulfilled all required duties well and had a lot of fun. With no Year 12s in the team, this group is a young Open Team who hopefully will continue to train, enjoy volleyball and compete again next year.

Mrs Tess Gilbert
TEAM COACH

BADMINTON

On the 4 June, four Year 10 students competed in the Open Boys SA Knockout Badminton Competition. In the first round, Tatachilla played against Aberfoyle Park HS and Seaview HS. The games were very close between Tatachilla and Aberfoyle Park with Tatachilla just losing and finishing 3rd, behind Aberfoyle Park and Seaview winning the round.

Although Tatachilla did not progress onto the next round, I was very proud of our students as they utilised their recent skills learnt in their PE classes, and putting all their efforts into each game and never gave up. The team consisted of **Rory Bowles, Josh Van Den Broeke, Oliver Brunton** and **James Mulhern**

Mr Jeffrey Wong
TEAM COACH

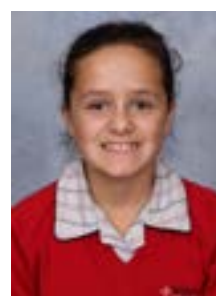

SAPSASA

Congratulations to our SAPSASA Onkaparinga South District Representatives for netball and AFL who played in the State Championships this week. The Boys AFL team were undefeated for the week and played their final game for the carnival against an undefeated Southern Fleurieu, continuing their winning streak 7.5 (47) to 2.5 (17). The Division 3 Netball girls came equal 2nd and the Division 7 girls came equal 3rd with both teams showing impressive netball skills and some great team work. Our Tatachilla representatives were: **Abby Stock, Amber Ellis, Charlee Douglas, Ella Roberts, Grace Deacon, Hunter Barrey, Isabella Kolencik, Jemma Fulton, Jorja Fleming, Mia Zettler, Molly Walker, Josh Jurado, Nicholas Schroder, Taylor Goad, Tyler McCreanor** and **Connor Roberson**.

Congratulations also to **Cleo Guilfoyle** and **Maya Dutton** who have been selected to represent the Onkaparinga South District team in the SA Sports SAPSASA State Carnival to be held on 25-29 June.

Ms Tonia Fielke
SPORTS COORDINATOR

from the SPORTS FIELDS

OPEN GIRLS NETBALL

On Tuesday 5 June the Open Girls Netball team hosted Willunga and Woodcroft College for the opening round for 2018.

Tatachilla played Willunga in the morning match. It was a good competition in the first half with Willunga tiring as the game went on. Tatachilla capitalised and increased their gap in the second half, defeating Willunga 48-29.

In the second match Tatachilla started out strong and it was goal for goal for a while. Mid match Tatachilla started to increase the lead, however a strong Woodcroft continued to chip away and bounce back the margin as Tatachilla tired. The girls rallied and found one last effort to hold on in the final quarter winning the match by one goal, 33-32.

All of the girls played fantastic and worked incredibly well together and made a very strong team. **Lucy Raper** and **Annabel Crawford** worked tirelessly all day in the defence. **Shenay Walker** added extra pressure through the mid-court. **Sarah Wright** added energy and a number of turn overs coming out of defence. **Gabby Scarpantoni** used her height to an advantage to add pressure and was always an option to help get the ball out of defence. **Abbey Bartle** was consistent and reliable in Centre. **Tahlita Buethke** added a spark to the attack and helped to move the ball down the court. **Chelsea Levy** was a strong and consistent deliverer of the ball into the goal circle. **Alicia Watt** and **Krystal Anderson-Ives** were consistent in the goal circle working very hard all day and rarely missing a goal.

Mrs Jenna Fowler
TEAM COACH

OPEN GIRLS FOOTBALL

The team travelled to Reynella East HS in the first round of the Knockout Competition to take on Reynella and Cardijn.

The squad, missing a couple of players due to injury and other commitments, had some concern as to how well they would fair against some of our closest rivals.

The girls played Cardijn first and after a hard fought first half lead by 9 points. **Teah Charlton** and **Jodie Hunt** played well to set the scene for the day. After half time we kicked away and ended up winning convincingly by 32 points. **Dakota Oniszcz** starred up forward kicking 4 goals.

We then played the home side and after watching them take it up to Cardijn prior, we knew we needed to be at our best to make sure we went through to the next rounds of the competition. We started in the same form as we finished against Cardijn and dominated the first half against Reynella with a lead of 4 goals to nil. This was not enough for the girls and they continued to pile on the goals (and behinds) in the 3rd and 4th quarters with **Tahlita Buethke** and **Sarah Wright** leading the charge.

We will now play Tennison Woods and Victor Harbor in our next outing, which looks like it may well be another away game, seeing Tennison Woods must travel from Mt Gambier. Hopefully we can continue our winning way!

Mr Scott Wendelborn
TEAM COACH

YEAR 8/9 GIRLS FOOTBALL

On Thursday 24 May, the Year 8/9 Girls Football team played Victor Harbor HS and Wirreanda HS at Tatachilla in the first round of the Knockout Competition. The girls worked hard and combined beautifully to win their first game convincingly against Victor Harbor 11.5 - 0. In the second game Tatachilla played Wirreanda where Tatachilla was able to keep control of the game and continue their goal scoring run, winning 8.4 - 1.0.

The girls played great team footy all day with many fantastic passages of play. There was a great mix of experienced players and players who were playing and enjoying their first game of football. Thank you to Matt Radbone for helping with coaching the girls, the Year 8 boys for Goal and Boundary Umpiring and to Gary Bilney for Field Umpiring. The girls will now progress through to the second round in the coming weeks.

Kirrilie Smout

Director of Developing Minds

Kirrilie is a clinical psychologist who has worked with children, young people and their families and teachers for 20 years. She is the founder and director of Adelaide's largest child/adolescent psychology clinic (Developing Minds). Kirrilie has presented seminars to over 50 thousand school students, teachers and parents across Australia, is an author and is frequently consulted by national TV/print and radio media outlets.
developingminds.net.au

Calm and Confident Teens: helping adolescents manage stress, difficult times and to increase their confidence, motivation and wellbeing.

An event for Parents/Carers of teens.

Please note the content of this event is for adults.

Wednesday 4th July 2018

Parenting teenagers can be a job filled with frustration, anxiety and concern. Even harder is when young people are dealing with a crisis of some kind: depression, relationship break-up, loss of self-esteem, problems with peers or learning difficulties just to name a few. At these times, parents often feel helpless and don't know what to do to help, while everything they do try seems to backfire.

This seminar is designed to give parents of teenagers' confidence and skills in dealing with teenagers in difficult times. Specific topics covered include:

- Understanding the differences between generations - and how this results in particular crises for teens
- Helping teens when they shut down
- Building resiliency in young people
- Helping young people to make their own simple plans to get through difficult times
- Helping young people learn to stay calm and reassure themselves
- Maintaining boundaries when teens are stressed
- What not to do and pitfalls to avoid and others...

Minimum numbers are required for event to proceed.

SEMINAR DETAILS:

Feedback from parent seminars in the past includes:

I felt more confident about the positive things I am already doing - learnt to hang in there!

I came away with strategies to deal with teens' behaviour

I realised other parents are going through the same difficulties - and that there is hope!

Barnaby Howarth

Life's for Living... Go Play in the Puddles!

A REAL bloke telling a REAL story

*Barnaby Howarth is taking his story of finding REAL human resilience
to REAL people in communities around the world.*

*Holding talks in local community venues in front of audiences from every walk of
life. He'll be telling them about how simply being a good, solid human being is
enough to get you ahead in life.*

*Barnaby Howarth is a diabetic, a stroke survivor, author, film maker, former Sydney Swans Player
and member of the AFL Hall of Fame*

"I'm taking my story around the world, and I'll be doing things a little differently..."
