## 2026 Tatachilla Dance Academy

I am delighted to announce the return of Tatachilla's Dance Extension program in 2026. Launched in 2024, this audition-based extension program allows students in Years 7 – 11 to collaborate with industry professionals to create a featured company length work. Throughout this process, students gain insight into industry practices and work alongside currently practising professional choreographer. Students will engage in a comprehensive rehearsal process, building skills and stamina to sustain a performance over an extended period of time. Their final piece will be presented in a public forum. Students successful in being offered a place will learn a 30 – 45-minute length work. They will not perform in the Dance Showcase as part of this program.

Entry into this program is via audition only. It is expected that students have a strong technical foundation to be able to participate safely. Students will be working predominantly in the contemporary genre. Auditions involve the performance of a 2-minute contemporary solo for the panel. This can be a section of an old routine or something self-choreographed.

The cost of the Innovation Dance Company program is \$300 for the year.

Students who wish to register to audition can do so by filling out a registration form accessible through the following link: <https://forms.gle/dHbn3Kf1UG3yRequ6>

**Auditions will take place from 3.40 – 5.00pm on Thursday February 12<sup>th</sup> in the Drama Studio** with company rehearsals starting the following week.

Students accepted into the program will be sent a Humanitix link to confirm their acceptance of their place in the program.
